Use of Hamilton Bingo Halls by Glanbrook Organizations

The following recommendation was adopted by Glanbrook Township Council at its meeting held on December 17, 1990:

THAT the Corporation of the Township of Glanbrook endorse the correspondence from the Glanbrook Minor Hockey Association to permit organizations of a charitable or religious nature who reside within the Hamilton-Wentworth Region to carry on bingos at appropriate locations within the City of Hamilton.

It is our understanding that there is no longer a waiting list for local organizations to participate in bingos within the City of Hamilton and that the City may look favourably on such a request.

Attention: Mr. Steve Dembe, License Manager

Dear Mr. Dembe:

It is our understanding that there is a bylaw in existence that does not permit organizations from outside of Hamilton proper to participate as a sponsor at Bingos held in Hamilton. This bylaw has been on the books for many years and, more importantly, since prior to the forming of Regional Government. I would have agreed that it was a valid law at the time of its conception but feel that it now shows prejudice in our Regional Government concept.

Glanbrook Minor Hockey would like to participate as a sponsor at the Princess Bingo at 300 Fennel Avenue when an opening comes up but apparently, as for the reason stated above, find our path blocked. Most of our members work, shop and take their leisure in Hamilton, leaving many of our hard earned dollars behind. A large part of our tax dollars also find their way through Regional Government to the City of Hamilton.

We would like to ask that our organization be permitted to apply and receive a Bingo sponsorship. It seems very unfair that at the present time we cannot do this and only for the reason that we live in Glanbrook. Our organization can put to good use any funds that would be gained from some such a venture and ensuring that our young athletes would receive the best programs that we can implement.

7. Taxi Cab Priority List Applications

The Committee was in receipt of a report from the Manager of the Licence Division dated 1991 January 03 with regard to Taxi Cab Priority List Applications.

The Committee then proceeded to hear the following Taxi Cab Priority List Applications:

Archie Georgian

Mr. Sabo of the Law Department referred to a recent letter which he had sent to members of the Committee with regard to Mr. Georgian's Licence application. He said he had subsequently had more time to review this application and was now prepared to proceed with the matter.

Mr. Dembe was sworn as a witness and gave evidence to the fact that Mr. Georgian had been a cab driver for more than the required two years. He said he had provided income tax records for 1989 and a letter from the Vice-President of his Company confirming that Mr. Georgian was a driver of Cab 167 on a daily basis throughout the two-year period. He had also provided trip records in excess of the two-year period in question.

Mr. Dembe said Mr. Georgian had not transferred any plates during the two-year period prior to his application and said, based upon this information, that he believed Mr. Georgian complied with the requirements of the By-law.

The Committee was advised of a clerical error which had resulted in Mr. Georgian's wife's name being placed on the list on 1977 December 14.

The Committee was in receipt of an affidavit signed by Mr. Georgian to the effect that he had advised Mr. Dembe of this error in the early part of 1978 and Mr. Dembe had subsequently had this changed. Mr. Georgian said he had attended at City Hall on 1979 May 09 to make a Statutory Declaration pursuant to the requirements of the City, as it was his name on the Priority List.

The Committee **AGREED** as follows:

That the Taxi Cab Owner's Licence Application of Mr. Archie Georgian be GRANTED.

Edward Manning

Mr. Dembe took the stand and gave evidence to the fact that Mr. Edward Manning was applying as a Taxi Cab Owner. He said he had owned a cab since February 1, 1989 and had provided income tax records and monthly charge statements for 1989 and 24 monthly charge statements (including January of 1989) for 1990.

Mr. Dembe said in his opinion Mr. Manning had therefore met the two-year requirement of the By-law and that Mr. Manning had not transferred any plates during the two years prior to his application.

The Committee **AGREED** as follows:

That the Taxi Cab Owner's Licence Application of Mr. Edward Manning be GRANTED.

The Chairman noted that the issuance of that evening's plates completed the issuance of the 25 Taxi Cab Owner Plates to be issued. He commended staff and particularly the

previous Chairman who had started this issuance and had got the Committee through this lengthy and difficult process.

8. Second Level Lodging Houses

The Committee was in receipt of a report from the Manager of the Licence Division dated 1991 January 07 with regard to Second Level Lodging Houses.

The Committee agreed to receive the report of the Licence Division Manager dated 1991 January 07 with regard to Second Level Lodging Houses for information.

CORPORATION OF THE CITY OF HAMILTON

MEMORANDUM

TO:	Mr. S. J. Dembe Manager, Licence Division City Clerk's Dept.	YOUR FILE:	
FROM:	Mr. D. H. Barrow Senior Licence Inspector Licence Division, City Clerk's	OUR FILE:	
		PHONE:	546-4669
SUBJECT:	Hamilton Hurricanes Football Club Bingo Lottery Application 1991	DATE:	1991 February 7

The Hamilton Hurricanes Football Club has been licensed to conduct bingo lottery events in the City of Hamilton in excess of 10 years.

In September 1990, the City of Hamilton received interpretation letter 005 from the Ministry of Consumer and Commercial Relations regarding the issuance of lottery licences to Sports Organizations. As a result of this new interpretation, the Hurricanes' bingo application for the first six months of 1991 was recommended for denial by the Hamilton-Wentworth Regional Police.

It is the policy of the City of Hamilton that all bingo lottery applicants must be either registered with Revenue Canada as a charitable organization, or with the Province as a non-profit organization in order to apply for such a licence. The purpose of this procedure is twofold: it is to ensure the **eligibility** of all organizations and to make them **accountable** for all revenue derived from the lottery.

The Hamilton Hurricanes Football Club have been incorporated as a non-profit organization with the Province of Ontario since January 6, 1975. It also has the privilege of using the Federal charitable registration number of the Canadian National Junior Football League, of which the Hurricanes is a member. Both these registration numbers are valid and in good standing.

The Provincial Law which regulates lottery events states that the municipality is permitted to grant a lottery licence for any purpose which is **"beneficial to the community"**. This includes **amateur sporting leagues or associations for youth development and amateur athletic associations dedicated to competition at the Provincial, National or International levels.**

An **association** may be defined as a group of people having a common purpose or interest and a **league**, as an association of sporting clubs that organize matches between member teams of a similar standard.

The Hamilton Hurricanes Football Club defines itself as an amateur sports organization and is affiliated with the Ontario Junior Football Conference, the Canadian Junior Football League, Sport Canada, the Canadian Amateur Football Association, and the Ontario Amateur Football Association. As stated, to substantiate their amateur standing, this Football Club is registered as non-profit and has charitable status. By definition, it appears that the Hurricanes is a sports association with membership in Provincial and National sport leagues.

In its directive, the Ministry of Consumer and Commercial Relations has further stated that when the applicant is a sporting league or association, it may qualify for a lottery licence provided that the association supports programs for youths or minors of amateur status.

It has been a long-established policy of the Licensing Committee and endorsed by the Hamilton-Wentworth Regional Police that any individual under the age of 18 years be considered charitable. An exception to this policy was extended to those individuals over the age of 17 years who attend high school, community college or university and compete in amateur sports at the local, national and international levels.

In the case of the Hamilton Hurricanes, the majority of the players are students from high schools, community colleges, or universities. The players range in age from 16 years to 22 years and compete on a local and national level. Any adults who are involved in this sports organization are volunteers who serve as executive members and coaches of the Club.

The Province has also stated that adult recreational sports leagues (or teams) or professional athletics are not justifiably charitable and are, therefore, not eligible for lottery licences.

The Hamilton Hurricanes Football Club is not a professional adult league, nor does any one individual benefit monetarily through ownership. It continues to maintain its amateur status and is dedicated to provincial and national competition.

Provincial officials have expressed their concern that a **single team** is benefiting from a bingo lottery event rather than the sports league as a whole. The Hamilton Hurricanes maintain that they are more than just a team and provide many benefits to the community. For example, the coaches and staff attend approximately 80 schools in the local areas to provide training and coaching sessions. Any interested individual is invited to attend the free training camps to develop their football skills or they can attend the Club's football practices.

The Hamilton Hurricanes, the Burlington Braves, the London Beefeaters, the Oshawa Hawkeyes, the Ottawa Sooners and the Windsor AKO Fratmen constitute the Ontario Junior Football Conference. All of these clubs with the exception of Ottawa have Bingo Lottery Licenses issued to them by their Municipality. It would, therefore, appear that substantial funds are necessary to support the operational costs of such a sports league.

In 1990, the Hamilton Hurricanes Football Club raised over \$72,000.00 from bingo lotteries. Bingo Revenues constitute approximately 85-90 % of the yearly operational budget of the organization. The remainder of their budget is attained from small grants and fund raising projects.

The Hamilton Hurricanes Football Club has been in existence for 29 years. The revenue which it derives from bingo is necessary to maintain the Club and its various programs relative to football. It is my opinion that the organization is of "benefit to the community".

Recommendation: that the Hamilton Hurricanes Football Club be issued a bingo lottery licence.

Attached are the following documents:

1. Interpretation Letter 005
2. Letter from Wally Barubek, President
The Hamilton Hurricanes Football Club Inc.

No./N°:	Topic/Objet:	To/Destinaires:
005	SPORTS ORGANIZATIONS	MUNICIPALITIES

On March 6, 1987, Interpretation Letter 003 was sent to all municipal lottery licensing officers to assist them in determining the charitable eligibility of groups requesting lottery licences. Questions have arisen over the interpretation of certain sections of this document, with specific difficulties being encountered in determining the eligibility of sports organizations to obtain charitable gaming licences.

Interpretation Letter 003 states in part that a charitable object or purpose is:

"ANY PURPOSE BENEFICIAL TO THE COMMUNITY: This has been interpreted to include but is not limited to amateur sporting leagues or associations administering activities solely for children or youth development; amateur athletic associations dedicated to provincial, national or international levels of competition and playing by non-modified rules sanctioned by the appropriate provincial sports governing body."

The Entertainment Standards Branch has taken the following position on the interpretation of this section. Where the applicant organization is a sporting league or association, then they may qualify for a lottery licence provided that the association supports programs for youths or minors of amateur status. Adult recreational sports leagues (or teams), or professional athletics are not justifiably charitable and are therefore not eligible for lottery licences. Similarly, individual teams or Booster Clubs established to support individual sports teams, are too narrowly focussed and therefore do not qualify for lottery licences.

Certain types of sports organizations, such as Junior A or B Hockey teams (some of which are privately owned franchises) do not completely fall within the definition of minor or amateur athletics, since some members of the team are adults and/or semi-professional players. Therefore, when considering the eligibility of these types of sports organizations, lottery licences may be granted in recognition of their support for youth sporting programs provided that the league or association is the applicant organization. Once a licence is issued, the use of proceeds is limited to the minor sporting program that is geared to developing young players, educational purposes in the form of scholarships for recognized educational institutions or for protective equipment needs of the players.

While each applicant should be assessed on its own merits, the above criteria should be applied consistently when making a licensing decision pertaining to athletic organizations.

HAMILTON
HURRICANES
FOOTBALL CLUB
(INC 1978)

January 7, 1991

THE HAMILTON HURRICANES
FOOTBALL CLUB, INC.

HISTORY

The Hamilton Hurricanes Football Club was founded as a non-profit organization in 1962, and incorporated in 1978.

1991 will mark the 29th year of operation for the Hurricanes. Over 1800 men, from the Hamilton Community, have participated as players, coaches, executive members or as support personnel during this time period. Many of these individuals are leaders in our community today, and credit their experiences as "Hurricanes" in helping them develop the skills and dedication they need in their present community role. The influence of the Hurricanes on the Hamilton Community over the last 28 years has been powerful!

The Hamilton Hurricanes Football Club is an amateur sports organization affiliated with the Ontario Junior Football Conference, the Canadian Junior Football League, Sport Canada, the Canadian Amateur Football Association, and the Ontario Amateur Football Association.

The Hurricanes compete in the Ontario Football Conference along with teams from Ottawa, Oshawa, Burlington, London and Windsor. The Ontario Football Conference is a member of the Canadian Junior Football League. There are 27 Junior Football teams in Canada. These teams compete for the National Championship. All members of the Canadian Junior Football League are non-profit organizations, run completely by volunteers, with financial support coming from the communities they represent.

MISSION STATEMENT

The Hamilton Hurricanes Football Club's purpose is to create a caring, family-like atmosphere where each individual accepts responsibility for their own development, and plays an important role in the growth of others.

VISION

The vision we have for the Hamilton Hurricanes Football Club is a place where a positive, caring environment will allow all individuals to develop life skills and relationships that will help them become more productive members of the Hamilton Community.

The Football Club will: assist young men in developing their football skills; provide the opportunity for the development of leadership skills by volunteer members of the Club; provide in-service experiences for football coaches from Minor and High School Football Programmes; provide skill training experiences for athletes from the age of 6 to 22 years; assist community organizations in their mandates to meet the needs of young children; effectively represent the City of Hamilton in provincial and national competitions.

All members of the Hamilton Hurricanes Football Club are equal partners in creating the vision for the Hamilton Hurricanes.

PARTICIPANTS

The participants involved with the Hamilton Hurricanes come from all segments of the Hamilton community:

ADULTS

The volunteers who serve as members, executive members and coaches of the Club are usually adults working in the Hamilton Community. These people volunteer their services to the Hamilton Hurricanes while serving as productive members of the community in other roles.

YOUNG PEOPLE

The athletes who benefit from the Hamilton Hurricanes Football Club have a varied background:

Hamilton Hurricane Players

- 75% of the players are students from high schools that do not have football programmes, community colleges or universities
- 15% of the players are employed, usually in a low-skill activity
- 10% of the players are unemployed

Hamilton High School and Minor Football Players

- vision of an opportunity to play football beyond high school even if they do not attend university
- vision of an opportunity to play football if they attend a community college
- benefit from participation in skill development camps
- benefit from Hurricane players assisting as high school coaches
- benefit from safety based on in-service to coaches
- benefit from the improved coaching based on in-service sessions provided for minor and high school coaches
- exposure of skills to Canadian and American University coaches through development camps
- exposure of skills and abilities to professional coaches

BENEFITS TO THE COMMUNITY

The benefits of the Hamilton Hurricanes Football Club to the Hamilton Community are numerous. Some of these benefits are:

- adults and young people are given opportunities to develop life skills that will benefit the community
- pride in our community is felt by all members of the organization as they represent Hamilton in provincial and national play
- young men, who may have been born into environments that place limits on their potential educational and economic futures, are provided with the opportunity to develop their natural abilities and to create a positive self-esteem
- young boys have dreams to some day play for the Hurricanes
- the support other volunteer organizations receive from members of the Hurricanes Football Club
- the national television, newspaper and radio recognition given to the city as the Hurricanes compete for a national championship
- recognition to the city as players move from the Hurricanes to college or professional teams
- the sense of pride all members of the Hamilton Community feel as the Hurricanes compete for a national championship.

BUDGET

The Hamilton Hurricanes Football Club exists primarily from the funds received through their Bingo license. Each player presently pays a fee to participate. The main expenses assisted by the Bingo funding source are:

Travel - the cost of transporting 50 team members to Ottawa, Windsor, London and Oshawa is high. The cost of transportation for play-off games is extremely high.

Equipment - the cost to equip each player is approximately \$500.00. Liability insurance sets a life span of three years for equipment. Equipment must be personalized in fitting for each athlete. To dress 60 players we must have about 80 sets of equipment.

Training and Playing Facilities - practices 4 days, playing on the 5th day, demands a permanent location for practices. We need a facility that will dress 60 to 75 players and allows for storage of equipment.

THE FUTURE

The Hamilton Hurricanes Football Club is presently involved in a needs assessment to determine how we might better meet the needs of the Hamilton Community.

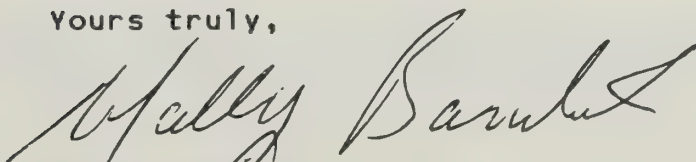

We know that over the last 28 years we have significantly touched the lives of many people in the Hamilton Community. We know that we have been a good community partner. Our goal now is to re-focus on our purpose and to determine how we can make our good programme better.

We realize that amateur athletic groups are extremely important to the functioning of a healthy community. We remember the sense of civic pride that was felt in 1972 when we brought a National Championship to Hamilton. We recall the thrills throughout the community when we were Eastern Canadian Champions in 1972, 1975, 1976, 1977, 1980 and 1981.

We are proud of our City of Hamilton! We want to continue to play our role in making Hamilton a model city where all adults work together for the benefit of the community.

Thanks for your interest and support of our Football Club!

Yours truly,

Dear Steve:

As you requested, I am re-applying for my name to be included on the taxi priority list, after the September 30, 1990 deadline.

I was short of cash during September and left paying the fee till the end of the month. As usual, in the taxi business I got busy at the end of the month and forgot that I had not paid the fee.

I attempted to pay the fee in October but was told that no extensions were being granted, and that I would have to apply to the Licencing Committee to be placed back on the list in my original position.

Yours truly

FROM: Mr. S. J. Dembe
Manager, Licence Division

SUBJECT: Application for Entry on to the Taxicab Priority List

RECOMMENDATION:

That the name of the following applicant be added to the Taxicab Priority List:

90.11.30 William Guindon 70 Jerome Crescent #605 578-2837

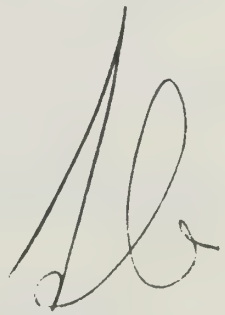

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

N/A

BACKGROUND:

Mr. Guindon has held a Taxicab Driver licence since August 8, 1989. He has also leased Taxicab Plate No. 71 since obtaining his licence. He is presently leasing Taxicab Plate No.109. He has submitted monthly charge statements from September 1989 up to the current date.

Mr. Guindon meets the requirement of having been actively employed on a full-time basis in the City of Hamilton Taxicab Industry as a taxi driver/lessee preceding the date of his application, November 30, 1990.

DATE: 1991 February 6

REPORT TO: Mrs. S. Glover
Secretary, Licensing Committee

FROM: Mr. S. J. Dembe
Manager, Licence Division

SUBJECT: Deletion of Name from Taxicab Priority List

RECOMMENDATION:

That the name of Cameron Warner be removed from the Taxicab Priority List

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

N/A

BACKGROUND:

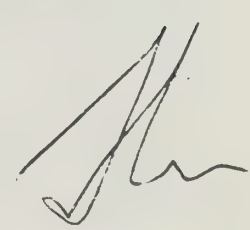

Mr. Warner appeared before the Licensing Committee on October 26, 1990 at which time the Committee agreed to defer consideration of his application for a Taxi Owner Licence from the Taxicab Priority List until August 28, 1991.

Section 2 of By-law 89-316 requires that individuals make annual application and pay \$50.00 (1990 Fee) before September 30th of each year to maintain their name on the Taxicab Priority List.

On November 28, 1990, the Licensing Committee approved an updated Taxicab Priority List which included the addition of Mr. Warner's name. It was, however, noted in the report that this recommendation was subject to the payment of the \$50.00 renewal fee.

On December 2, 1990, I spoke with Mr. Warner about the November 28, 1990 decision of the Committee, at which time I requested Mr. Warner's renewal fee of \$50.00. He refused to pay the \$50.00 fee and said he wanted nothing more to do with the Priority List.

On January 18, 1991, formal notice was hand delivered to Mr. Warner in which he was that I would be recommending to the Licensing Committee on February 13, 1991 that his name be removed from the Taxicab Priority List.

REPORT TO: Mrs. S. Glover
Secretary, Licensing Committee

FROM: Mr. S. J. Dembe
Manager, Licence Division

SUBJECT: Fire Inspection Reports - Second Level Lodging Houses

RECOMMENDATION:

- (a) That the request of the Regional Municipality of Hamilton-Wentworth to provide information on Fire Department Orders and Notices of Violation to the Health and Services Committee be denied.

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

N/A

BACKGROUND:

Attached to this report is a request from the Regional Municipality of Hamilton-Wentworth to obtain the above referenced reports.

By-law 80-259, respecting Second Level Lodging Houses, Section 45, (1)(2), requires that the Chief Fire Prevention Office shall, every twelve months to

- (1) make, or cause to be made, an inspection of each house.
- (2) file a report with the Secretary of the City's Licensing Committee, on the inspection made in each 12 months' period and the action taken to correct any default.

Based on an opinion from the City's Law Department, it would be inappropriate for the Licensing Committee to provide information of this nature. The Committee is a quasi-judicial body and must not do anything which could possibly indicate a bias in the event that a show cause hearing respecting a particular Second Level Lodging House licence holder were held. It was further pointed out that the Committee has no jurisdiction to relay this information and should it do so, may be subject to judicial review and possible prohibition order.

Conference

RECOMMENDATION:

That an invitation be extended to the Municipal Law Enforcement Officers' Association to hold their Annual Conference in Hamilton in the Fall of 1994.

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

Unknown at this time

BACKGROUND:

The City of Hamilton has previously hosted the Annual Conference in 1981 and 1985. The Ontario-wide organization is composed of representatives from a broad cross-section of Ontario municipalities. The purpose of the organization is to upgrade the professionalism of municipal law enforcement officers, provide training and education to its members and to promote the attainment of acceptable standards of ethics and procedures for enforcement of by-laws of the municipality.

The 1991 Conference has been awarded to the City of Windsor with North York and Ottawa-Carleton following in 1992 and 1993 respectively.

The usual number of members attending this Conference is approximately 200.

The economic benefits in the hosting of a conference of this nature are well known. As in the previous two conferences that Hamilton has held we hope to involve a number of City Departments, the Regional Municipality of Hamilton-Wentworth and the Area Municipalities.

Dear Steve:

As you requested, I am re-applying for my name to be included on the taxi priority list, after the September 30, 1990 deadline.

I was short of cash during September and left paying the fee till the end of the month. As usual, in the taxi business I got busy at the end of the month and forgot that I had not paid the fee.

I attempted to pay the fee in October but was told that no extensions were being granted, and that I would have to apply to the Licencing Committee to be placed back on the list in my original position.

Yours truly

REPORT TO: Mrs. S. Glover
Secretary, Licensing Committee

FROM: Mr. S. J. Dembe
Manager, Licence Division

SUBJECT: Deletion of Name from Taxicab Priority List

RECOMMENDATION:

That the name of Cameron Warner be removed from the Taxicab Priority List

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

N/A

BACKGROUND:

Mr. Warner appeared before the Licensing Committee on October 26, 1990 at which time the Committee agreed to defer consideration of his application for a Taxi Owner Licence from the Taxicab Priority List until August 28, 1991.

Section 2 of By-law 89-316 requires that individuals make annual application and pay \$50.00 (1990 Fee) before September 30th of each year to maintain their name on the Taxicab Priority List.

On November 28, 1990, the Licensing Committee approved an updated Taxicab Priority List which included the addition of Mr. Warner's name. It was, however, noted in the report that this recommendation was subject to the payment of the \$50.00 renewal fee.

On December 2, 1990, I spoke with Mr. Warner about the November 28, 1990 decision of the Committee, at which time I requested Mr. Warner's renewal fee of \$50.00. He refused to pay the \$50.00 fee and said he wanted nothing more to do with the Priority List.

On January 18, 1991, formal notice was hand delivered to Mr. Warner in which he was that I would be recommending to the Licensing Committee on February 13, 1991 that his name be removed from the Taxicab Priority List.

The Committee AGREED as follows:

That Mr. Robert K. White, Mr. Robert Allan Gavin and Mr. David C. Green be notified to attend the next Licensing Committee meeting for Show Cause Hearings.

5. Taxi Cab Priority List

(a) Appeal - Mr. Harry Steinberg

The Committee was in receipt of a report from the Manager of the Licence Division dated 1991 March 05 with regard to an appeal regarding the Taxi Cab Priority List by Mr. Harry Steinberg.

Mr. Steinberg attended and the Committee was in receipt of his letter explaining his reasons for not re-applying to have his name included in the Taxi Cab Priority List before the deadline.

Mr. Steinberg asked for an extension of the deadline in order to remain on the Priority List.

Mr. Sabo confirmed the applicant's address and the fact that he had received notice of the deadline for continuance on the Taxi Cab Priority List.

It was pointed out that it was still within Mr. Steinberg's power to re-apply for re-entry at the end of the List. However, Mr. Steinberg said he did not wish to do this as it would be a considerable number of years before he reached the top of the list in that case. Mr.

Steinberg said he understood the reason for the deadline however, he said he had applied only a few days after the deadline.

The Committee agreed to take the matter under advisement and directed Mr. Steinberg to contact the Licence Division in the morning for a decision.

The Committee then retired in camera to consider the matter.

Resuming in open session, the Committee AGREED as follows:

That the application by Mr. Harry Steinberg for reinstatement on the Taxi Priority List be denied on the grounds that Mr. Steinberg did not renew his name on the Taxi Priority List within the required period of time and failed to provide adequate reasons for not doing so.

(b) Application for Entry on the Taxi Cab Priority List

The Committee was in receipt of a report from the Manager of the Licence Division dated 1991 March 05 with regard to Application for Entry on the Taxi Cab Priority List.

The Committee AGREED as follows:

That the names of the following applicants be added to the Taxi Cab Priority List:

91.01.16	Jerry Chatelain	66 Wellington Street North	545-5322
91.02.20	Ronald Roberge	487 Knightsbridge, Ancaster	648-2183

(c) Deletion of Name from the Taxi Cab Priority List

The Committee was in receipt of a report from the Manager of the Licence Division dated 1991 March 05 with regard to Deletion of Name from the Taxi Cab Priority List.

The Committee AGREED as follows:

That the name of Cameron Warner be removed from the Taxi Cab Priority List.

6. Class "B" Livery Vehicle Application

Mr. Castle, counsel for Mr. DiCasa of Yellow Cab Company, attended and introduced Mr. DiCasa and Mr. Paul Devlin who worked for Mr. DiCasa.

Mr. Dembe advised the Committee that an application had been received from Mr. DiCasa for two Class "B" Livery Vehicle licences for which the fee had been paid. He said the appeal dealt with the issuance of Livery Vehicle licences, in particular Class "B" which were for transportation of the disabled. Mr. Dembe pointed out that the By-law currently required that issuance of Class "B" Livery Licences was dependant on the licence holder having a written contract with the Disabled and Aged Regional Transit System. Mr. Dembe said it was his understanding that Mr. DiCasa did not have a contract with DARTS and therefore the Licensing Division were not recommending issuance of a licence at that time.

Mr. Castle said it was his client's position that the wording of the present By-law is tantamount to creating a monopoly with DARTS. He said that under the Municipal Act,

the Municipality could not create a monopoly or semblance of a monopoly. He said he felt that the licence should be issued to those who met the other requirements but that they should not have to meet the requirement for association with DARTS. He pointed out that his client wished to provide the required service and it was his understanding that DARTS ran a reserve system and did not deal with an immediate call. Mr. Castle said Mr. DiCasa's proposed system would be on demand, subject to availability of a vehicle, and not a reserve system. He said a fixed rate would be charged, subject of course to the By-law, but that it would not be much different to that charged by DARTS. He said it would not be subsidized by the City or Region and all his client wished was to be given the opportunity to run a Livery service for the disabled in competition or in conjunction with DARTS. He said he understood that DARTS was in a position where they could not handle the demand and had to farm it out to others. Mr. Castle said Mr. DiCasa had the ability to meet the demand of the summer months and would meet the Class "B" Livery requirements with the exception of the requirement for a written contract with DARTS.

Mr. Sabo confirmed that the By-law provided that the applicant for a Class "B" Livery licence must have a written contract with DARTS and said he was obviously not against the handicapped having a transit system especially for them. However, he reminded the Committee of the recent request to change the By-law to allow wheelchair accessible vehicles and explained that the intention of the By-law, with regard to the requirement to have a contract with DARTS, was to provide a disabled service at a subsidized rate. He said a monopoly was not intended and that the intent was to create a subsidized service for the handicapped.

The Chairman explained that the Committee could not recommend issuance under the present terms of the By-law, although they could in fact recommend an amendment to the By-law.

Mr. Castle said his client wished to provide a service to the people at an economically viable rate and to serve the need that was there. He said the rates would be cheaper than cab rates but that they could not meet the subsidized price of DARTS.

The Committee then agreed to take the matter under advisement and advised Mr. Castle that the Committee would subsequently make a recommendation to the Finance and Administration Committee. The Chairman said Mr. Castle should contact the Licence Division in the morning to be advised of this recommendation.

The Committee then retired in camera to deliberate.

Resuming in open session, the Committee **AGREED** as follows:

1. That the application for a Class "B" Livery Vehicle Licence by Mr. A. DiCasa be denied on the grounds that the applicant was not prepared to comply with the section of the By-law which required a written contract with DARTS.
2. That the application for a Class "B" Livery Vehicle Licence by Mr. A. DiCasa be referred to the Finance and Administration Committee with the request that they review the section of the By-law which requires a written contract with DARTS.

7. Adult Entertainment By-law

The Chairman advised the Committee of a letter he had received from Hanrahan's Tavern with regard to the Adult Entertainment By-law. The Committee AGREED that as the Finance and Administration Committee had jurisdiction over the By-law the letter should more appropriately be referred to the Finance and Administration Committee for their attention.

8. Transfer Flea Market Stallholder Licence Fees

The Committee was in receipt of a request from Mr. J. Zapilli to transfer Flea Market Stallholder Licence Fees. However, Mr. Zapilli was not at the meeting and the Committee therefore AGREED as follows:

That the request by Mr. J. Zapilli to transfer Flea Market Stallholder Licence Fees be tabled until the next meeting due to the absence of the applicant.

The Committee then retired in camera to hear Licence Applications and hold a Show Cause Hearing.

The Committee subsequently AGREED as follows:

- (a) That the Cab Driver Licence Application of Lance Hottinger - 55 Head Street, Hamilton, L8R 1P8 be GRANTED FOR A SIX-MONTH PROBATIONARY PERIOD.

Mr. J. Ford, Health Inspector
Mr. H. Lee, Health Inspector
Ms. G. Moore, Health Department
Ms. D. Nelson, Health Department
Ms. N. Vooberg, Supervisor of Lodging Home Programme
Mr. D. Peters, Fire Prevention Bureau
Mr. D. Christopher, Fire Prevention Bureau
Mrs. S. Glover, Licensing Committee Secretary

Mr. Ron Sabo of the City of Hamilton Law Department made his opening submission and said he hoped the evidence to be submitted would satisfy the Licensing Committee that some concerns existed for the residents of the second level lodging home at 98 Sherman Avenue South and that he would be seeking a suspension of the second level lodging home licence at this facility. He said the evidence to be presented would include fire, nursing care, and health inspection reports. Mr. Sabo submitted copies of the Second Level Lodging House By-law No. 80-259.

Mr. Sutherland, lawyer representing Mr. Patrick Murphy, the owner of the second level lodging home at 98 Sherman Avenue South made his opening submission. He said after a brief meeting with the representative of the City's Law Department some issues had been settled, however, the Law Department still wished to proceed.

The Chairman introduced representatives of the Licensing Committee. In response to a request from Mr. Sutherland that the evidence be heard in camera, the Chairman advised that the process called for public meetings. He said if Mr. Sutherland had concerns regarding information on a specific point, then the Committee would entertain a request in that regard, failing which the matter would be heard in open session.

Mr. Dave Christopher of the Hamilton Fire Department Fire Prevention Bureau was sworn as a witness and gave evidence with regard to visits he had made to the property at 98 Sherman Avenue South and subsequent action in this regard. Infractions included:

1. Fire alarm system not tested (no documentation).
2. Emergency lighting units not working on second floor.
3. No fire procedures posted.
4. Lack of fire extinguishers.
5. Problems with emergency fire escape.

6. No documentation for testing of building's boiler or chimney.

7. Number of other minor variances.

Mr. Sutherland questioned Inspector Christopher and confirmed that the fire escape had been repaired, the emergency system tested and portable extinguishers had been mounted at the premises.

Mr. Sabo questioned Inspector Christopher with regard to the difference between posting the fire safety plan and implementing the same.

Mr. Christopher then answered questions from the Committee and advised that the items outstanding included:

1. Lighting to be repaired on second floor.
2. Fire alarm system - couple of devices not working.
3. Union Gas had to inspect the boiler.

At this point Alderman Dominic Agostino, Chairman of the Health and Social Services Committee, joined the hearing.

Ms. Nancy Vooberg, Nursing Supervisor for the Lodging Home Programme was sworn as a witness and gave evidence with regard to the frequency of inspections to the lodging home in question and to other lodging homes.

Mr. Sutherland questioned Ms. Vooberg with regard to a letter which she had sent to Mrs. Murphy dated 1990 September 21 pertaining to ongoing problems and complaints received regarding Sherman Manor, and Mrs. Murphy's subsequent response dated 1990 October 03. Both these letters were submitted as exhibits.

Ms. Vooberg agreed that improvements had taken place in the facility however, she said there were concerns about the ability of the operator to provide consistent adequate care to the residents in view of the number of complaints received about the home. Ms. Vooberg gave evidence with regard to visits she herself had made to the home and confirmed that the usual procedure was for nurses to carry out inspections and she would review reports. Ms. Vooberg said from her observations the home was very dirty, bathrooms filthy, the mirror was so dirty that a reflection could not be seen, windows so dirty that some of them could not be seen out of, kitchen sink was dirty, rugs on floor were filthy and extremely low food supplies.

Mr. Sutherland then question Ms. Vooberg with regard to any complaints received from patients to which she responded that she herself had not received complaints but that patients had approached the nurses in this regard.

Ms. Vooberg then answered questions from the Committee with regard to number of inspections and contacts which had taken place with the home. She said problems with the home had become more pronounced in the Spring of 1990 which culminated in staff recommendations and the decision by the Health and Social Services Committee to withdraw the subsidy from this lodging home. She confirmed that since September, 1990 the physical premises had been improved and the house was now clean.

- 3 -

Ms. Gail Moore, a registered nurse with the Health Department, was sworn as a witness and gave evidence to the fact that she inspected second level lodging homes within the Region, completed follow-ups, placements, etc. She explained how assessments were made and explained her duties with regard to second level lodging homes.

Ms. Moore gave evidence with regard to her visits to the home since April, 1990 and investigation of complaints thereon.

Ms. Moore said some of her major concerns throughout the latter part of 1990 included fluctuating food supplies, cleanliness of the home, supervision both from the fluctuating supervisory staff together with their understanding of their job role. She said improvements in these areas had been slow but that an inspection that morning had revealed adequate food supply, adequate supervision, and cleanliness was upgraded, therefore the home was meeting standards. She said the only outstanding requirement was the staffing requirement through the By-law which called for T.B. testing.

Responding to a question from Mr. Sabo with regard to what would become of residents if they had to move out of the premises, Ms. Moore said there were a large number of second level lodging homes within the City and vacant beds available. She said that one resident had already asked to relocate.

Mr. Sutherland questioned Ms. Moore with regard to staff and ascertained that no problems had existed with a previous supervisor. Ms. Moore confirmed that Mrs. Murphy had expressed concern with regard to getting competent staff after this supervisor left and had given Mrs. Murphy advice in this regard. Mr. Sutherland suggested that no violations had occurred in the past 9 weeks and referred to another lodging home owned by Mr. Murphy at 44 Proctor whereby arrangements had been made for food to be transferred from one facility to another. He cited health problems experienced by Mr. Murphy and asked Ms. Moore whether any cases of malnutrition had been experienced by clients. Ms. Moore responded that complaints had been received from hospital social workers with regard to improper diet for patients on particular medication.

Mr. Sabo then questioned the witness with regard to staffing changes and problems experienced in this regard. He suggested that residents were afraid of "rocking the boat" or complaining.

Mr. Sutherland questioned Ms. Moore with regard to complaints received from staff and Alderman McCulloch questioned the witness with regard to two other facilities owned by Mr. Murphy which were meeting standards.

Ms. Moore said she felt supervision was a major problem and the lack of proper screening for staff. Referring to the other two facilities owned by Mr. Murphy Ms. Moore agreed that no problems had occurred with regard to food in the other two facilities.

At this point the hearing adjourned to be reconvened at 3:00 p.m. on 1991 Thursday, March 21.

The Chairman advised witnesses that they were dismissed and only those people whom counsel intended to call need return on March 21.

**Alderman T. Cooke, Chairman
City of Hamilton Licensing Committee**

The City of Hamilton of Hamilton Licensing Committee reconvened the Show Cause Hearing
- Second Level Lodging Home Licence No. 44
- 98 Sherman Avenue South

There were present: Alderman T. Cooke, Chairman
Alderman W. McCulloch, Vice-Chairman
Alderman D. Drury

1 (c)

Also present: Mr. J. Ford, Health Inspector
Ms. G. Moore, Health Department
Ms. D. Nelson, Health Department
Ms. N. Vooberg, Supervisor of Lodging Home Programme
Mr. D. Peters, Fire Prevention Bureau
Mr. D. Christopher, Fire Prevention Bureau
Mrs. S. Glover, Secretary, Licensing Committee

Mr. Jim Ford, a Health Inspector, was sworn as a witness and gave evidence with regard to visits he made to the second level lodging home at 98 Sherman Avenue South on 09th and 10th November, 1990. He said he had difficulty gaining entry into the home as the person in charge was sleeping in the basement on both occasions and he had been admitted by a resident. Mr. Ford said he noted the following deficiencies at that time:

1. Lack of appropriate supervision.
2. General lack of cleanliness and maintenance to the building.
3. Bedrooms located in the basement area.
4. Several health and safety hazards present on the premises.
5. Fire hazards noted which were referred to the Fire Prevention Bureau.
6. Floors determined to be not in good repair and not provided with non-slip coverings.
7. Evidence of mice in food storage area in kitchen.

Mr. Ford said that on subsequent visits repairs, cleaning and painting were being carried out, although very slowly, and the cellar had been vacated.

Mr. Sutherland questioned the witness with regard to meetings which had taken place with Mrs. Murphy and the status of repairs. A report prepared by Mr. Lee, a Health Inspector, was introduced which indicated outstanding items, including:

1. Appropriate thermometer to be installed in refrigerator.
2. Soap to be provided in kitchen for hand washing purposes.
3. Appropriate weatherproof door on third floor in area leading to fire escape.
4. Lower hot water temperature from 150° to 120° in order to avoid clients being burned.

- 2 -

In response to a question from the Committee, Mr. Ford said the home was meeting regulations at the present time.

Mr. Brian Ray was sworn as a witness and gave evidence to the fact that he acted as Comptroller for Mr. Murphy and supervised the repairs to the lodging home. He said the work had been carried out on the premises sometime after October 15, 1990 and included tiled floors, painting, woodwork, kitchen cleanliness, resolving lighting problem, changing locks, repairs to fire alarm system. He said that from October until the end of 1990, approximately \$11,000.00 had been spent on such repairs. Since then this figure had risen to about \$17,000.00 and more money was to be expended to renovate the basement area.

Mr. Sabo questioned the witness with regard to hiring of contractors for repairs and Mr. Ray said to the best of his knowledge all problems had been corrected. When asked about one light not working on the second floor, Mr. Ray responded that one light was still working and therefore other items had been considered of more importance. Mr. Sutherland re-examined the witness and ascertained that the light on the second floor had now been corrected and both lights were working.

Committee members questioned the witness with regard to the quality of repair work being done and ascertained that the workmen included several qualified people and some laymen.

Mr. Murphy was sworn as a witness and gave evidence to the fact that he owned the home at 98 Sherman Avenue South and similar homes in Hamilton and elsewhere. He said he had operated this home since September, 1982 and had looked after the accounts from 1972 - 1984. He said he had experienced no difficulties with the City or Region with respect to the other nursing homes with which he was associated.

Mr. Murphy said his difficulties with the home had arisen after an excellent supervisor had left and due to health problems which he had experienced, he had not overseen the new supervisors as well as he should have done. He submitted inspection reports for fire alarms, emergency lights and smoke detectors from Edwards Service Division and said batteries were to be replaced that afternoon. He submitted service call reports from Union Gas Ltd. for a boiler and chimney inspection, together with a summation of visits and findings which he had prepared from 1982 - end of 1990. Mr. Murphy said that to date the sum of \$17,591.00 had been expended on the home and that presently the home was not a profitable operation.

Mr. Sabo questioned the witness with regard to staffing at the home, repairs, duties of staff and the hours required to be on the premises. He referred to two instances where supervisors had left the premises without authorization.

Mr. Murphy said the home was now closely monitored, something which it was not in the summer of 1990.

The Committee questioned the witness and ascertained that he was presently involved with 28 second level lodging homes. Mr. Murphy answered questions with regard to methods of finding staff and the amount paid a supervisor per year.

Mr. Murphy said he felt there were only 2 items outstanding, both due to paperwork. He answered questions with regard to supervision at the home when he was recently hospitalized and said he had made arrangements for other people to provide supervision should he be hospitalized again.

- 3 -

Mr. Sabo made his final submission with regard to the slowness of correcting major items and frequent relapse of poor conditions. In particular he cited past problems with lack of fire emergency plan, emergency lighting, testing of boiler and chimney and cleanliness. He suggested that supervision of the supervisors was non-existent and that the lack of profit of the home could result in a reduction in service. Mr. Sabo referred to the flurry of activity during the last few days to correct some of the deficiencies and suggested that inattention to concerns of inspectors and lapses in standards were clear health and safety issues and that there really had not been a change in the circumstances of supervision and no guarantee that this problem would not happen again in a serious way. He cited specific sections of the By-law where infractions had occurred.

Mr. Sutherland made his final submission and referred to the chart drawn by Mr. Murphy and pointed out that very few complaints related to issues which concerned the Committee. He agreed that there were a few things left undone and that some had in fact been looked after very recently, but said witnesses had clearly indicated that no violations had occurred since January 13, 1991. Mr. Sutherland said Mr. Murphy had acknowledged that he was somewhat lax when the capable supervisor left and he had experienced trouble getting a competent supervisor since then. However, the present supervisor was a capable person.

Mr. Sutherland admitted there had been problems but said that when the other homes owned by Mr. Murphy were looked at he had a pretty good track record. He said he felt events of short food supply had been isolated and said that residents had been in the home for 5 years and there was no indication of malnutrition. He pointed out that whether Mr. Murphy was making a profit or not was not a concern of the Municipality but rather had he conformed to the By-law.

Mr. Sutherland asked the Committee to consider withholding any decision on this matter for a period of 6 months in order to see how things worked out. He submitted that Mr. Murphy's track record showed that he was capable of running a home but that unfortunately this particular incident had occurred as a result of problems with staff.

The Chairman thanked everyone who had participated and asked that both parties remain in the event that Committee members may require further clarification.

At this point the Committee retired to deliberate.

Reconvening in open session the Chairman advised the applicant that the Committee had considered very carefully the matters before them and had found many of the reports, specifically those relating to fire safety, supervision and physical upkeep of the premises to be very troubling and, in the past, not near the standards which the Committee expected.

The Chairman said the Committee had to realize that when dealing with clientele who were largely without recourse and not able to fend for themselves that they had a special responsibility and had to take matters very seriously, and in fact did.

The Chairman said the final judgement in dealing with this type of matter was to consider first the well-being and care of residents who live at that premises and, if the Committee had the recourse to financial penalty or fines, they would be considering levying such against the applicant.

- 4 -

In the final analysis, the Chairman said it was the Committee's feeling that at present the home was meeting standards, although not by a wide margin, and would be something that would be actively of interest to the Committee in the future. Also, at that point, because of concerns for the well-being of residents and the impact upon them of the suspension of the licence, the Committee felt this would be an unfair disruption of their lives.

The Chairman said he hoped the applicant would heed the advice of the Committee and strongly recommended that steps be taken to ensure a system be in place for the supervision of the lodging home in the event of Mr. Murphy's health problems recurring.

The Committee AGREED as follows:

1. That a one-year probationary period be imposed upon Second Level Lodging House Licence No. 44 held by Murphycare (Patrick Murphy), 98 Sherman Avenue South;
2. That the relevant City and Regional Departments be requested to report any further breaches of the Second Level Lodging House By-law, 80-259;
3. That if subsequent violations of the By-law occur which the Licensing Committee feels to be of a serious nature, particularly anything which would jeopardize the care or safety of residents, the applicant be called before the Committee for a show cause hearing and probable revocation of the licence.

There being no further business, the hearing then adjourned.

Taken as read and approved.

MEMORANDUM

TO: Chairman and Members

YOUR FILE:

FROM: Mr. S. J. Dembe
Manager, Licence Division
City Clerk's Dept.

OUR FILE:
PHONE: 546-2752

SUBJECT: Licence Transfer Fees

DATE: 1991 March 22

Please be advised that effective immediately the City will conform to the requirement contained in the Licence By-law 79-323, Schedule 6(4), which states:

"Except as otherwise provided, the amount of the licence fee fixed in a schedule for the issuance of a licence shall be the fee payable for renewal or transfer of the licence and shall be payable before issue, renewal or transfer of the licence".

Until now, it has been the practice of the City to require the payment of the annual licence fee at the time of issuance or renewal of a licence only. When business licences were transferred, no fee was required if the annual licence fee had already been paid by the previous licensee.

A licence transfer application requires the same detailed inspections as a new licence application. The City will now recover, at least in part, some of its costs related to these applications.

As you may be aware, transfer of licences usually pertain to establishments. The vast majority of establishment licence fees are nominal, i.e. restaurants - \$20.00, food shops - \$10.00, barbershops - \$17.00.

Licences which are issued personally may not be transferred with the exception of taxi cab owner licences, which have special transfer fees authorized by by-law.

Flea Market By-Law

Mr. J. Zapilli attended and requested that Flea Market Stallholder Licences be allowed to be transferred from one establishment to a new establishment where Mr. Zapilli was operating a Flea Market. In response to a question, Mr. Zapilli stated that the licence fee for a stallholder was \$58.00. He said he was not questioning licence fees but rather questioning the By-Law as he did not feel it had any more merit as the circumstances for which it was created had changed.

Mr. Dembe said the rationale of the By-Law dated back to 1986 when there were concerns by Council with regard to parking and operation of flea markets in residential areas. He said a couple of the requirements dealt with the impact on residential neighbourhoods and requirements for parking, but that these were found to be outside the City's power. He said four categories of licences were found in flea markets being Flea Market Stallholders, Second-Hand Licensing, Food Licences/Restaurant Licences as well as Flea Market Owners' Licences. Mr. Dembe said the existing businesses in the City were concerned that flea markets had advantages such as being allowed to open on Sundays and that established businesses were paying taxes. He said Council then decided to charge Licence fees to include administration costs and that the By-Law required separate Licence fees for each and every establishment.

With regard to Mr. Zapilli's request for transfer of licences, Mr. Dembe said stallholders had operated at the Linden Street Flea-Market for three months of 1991 and that many stallholders had chosen to move with Mr. Zapilli into his new premises and would therefore have to buy a new licence. He pointed out that the Linden Street Flea-Market was to continue and therefore stallholders could remain there and continue to use their existing licences.

Mr. Zapilli pointed out that flea-markets were only open one day per week and yet he still paid business tax and property tax. He said he felt the By-Law was introduced to protect citizens and residents and ensure adequate parking, etc. but that this was no longer an issue. He said he did not feel the licence fee should still be charged.

It was pointed out that the existing stallholder's licence was not transferable. When asked for justification for the fee, Mr. Dembe said this would cover administration costs and typing a new licence.

The Chairman explained that the Licensing Committee did not have jurisdiction over the By-Law and that this matter would therefore be referred to the Finance and Administration Committee with the request that they review Mr. Zapilli's concerns.

Mr. Dembe advised the Committee that some existing stallholders did not have licences and the Chairman stated that existing By-Laws must be adhered to while they were under review.

The Committee AGREED as follows:

That the concerns of Mr. J. Zapilli with regard to Flea-Market By-Law No. 87-234 be referred to the Finance and Administration Committee for review.

In Camera

At this point the Committee retired in camera to hold a Show Cause Hearing.

The Committee subsequently AGREED as follows:

That the Cab Driver Licence of Mr. Robert K. White of 159 Glow Avenue, Hamilton be SUSPENDED UNTIL MR. WHITE'S PROVINCIAL DRIVER'S LICENCE IS REINSTATED ON AUGUST 28, 1991 and that this matter be fully reviewed by the Licensing Committee at that time.

10. Committee Reconvenes

The Committee then reconvened in Open Session.

At this point Alderman W. McCulloch joined the meeting.

11. Adjournment

There being no further business, the meeting then adjourned.

Taken as read and approved.

FROM: Mr. S. J. Dembe

SUBJECT: Amendments to Lotteries Licence By-law 78-130

RECOMMENDATION:

That a meeting of the Bingo Sponsors Association and Bingo Hall Owners be called to discuss amendments to the Lotteries Licence By-law.

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

N/A

BACKGROUND:

I have discussed with the Chairman of the Bingo Sponsors Association the advisability of holding a meeting to discuss a number of changes to the Lotteries Licence By-law.

He concurs that a meeting would be timely, not only to consider these changes to the By-law, but to be updated on the Provincial Proposal and to hold elections for the Executive positions.

The changes to the By-law that would be dealt with concern elimination of the minimum and maximum number of bingo lottery events which can be held in each 6-month period. The current provision requires a minimum of 12 and a maximum of 13 events where the prizeboard is in excess of \$1500. The Provincial Terms and Conditions permit a maximum of 26 events for each 6-month period and there is no minimum number.

The By-law has also established bingo "time slots" which restricts the number of events which can be held each day. The Provincial Terms and Conditions permit any number of events to be held during the day, provided that there is a time period separation between these events.

There are also a number of antiquated provisions contained in the By-law respecting bingo card prices. These should be amended to reflect the current pricing format.

MY FRIEND MR. DEMBE,

LAST JANUARY 1990, I RECEIVED A REGISTERED LETTER FROM THE LICENSE BUREAU OF THE CITY STATING IN THE FUTURE A FEE WOULD BE REQUIRED TO MAINTAIN ONE'S NAME ON THE PRIORITY LIST. TO THE BEST OF MY RECOLLECTION I ASSUMED IT WOULD COME AS MY NOTIFICATION FOR TAXI DRIVER AND WOULD BE INCLUDED IN THAT NOTICE THAT REQUIRES AN ABSTRACT TO MAINTAIN ELIGIBILITY. WHEN I RENEW MY LICENSE THIS YEAR I ASKED ABOUT IT AND WAS TOLD IT WAS NOT DUE UNTIL SEPTEMBER.

AFTER DISCUSSING IT WITH OTHER DRIVERS LATELY AS I WAS ON DISABILITY FROM U.I.C. YOU CAN IMAGINE MY SHOCK TO FIND OUT IT WAS DUE LAST SEPTEMBER 1990 NOT JANUARY 1991. AS MY DISABILITY BEGAN IN JUNE OF 1990 I HAD NOT BEEN DRIVING SINCE THEN AND WAS NOT ABLE TO SEEK WORK UNTIL NOVEMBER 1990 UNDER DOCTOR'S ORDERS. SINCE JUNE OF LAST YEAR I SPENT MOST OF MY TIME AT HOME AND NEVER RECEIVED THE NOTIFICATION IN SEPTEMBER WHICH I AM SURE YOUR DEPARTMENT SENT OUT. LAST WEEK I SPOKE TO

THOMAS T. SEDGWICK

A LADY FRIEND WHOM I WROTE TO AROUND THE TIME AND SHE NEVER RECEIVED THE LETTER I SENT HER THE POINT I'M TRYING TO MAKE IS THAT IF I HAD RECEIVED THE NOTICE I WOULD HAVE PAID IT AS THE PRIORITY LIST IS VERY IMPORTANT TO ME.

YOU MIGHT RECALL IN THE PAST WHEN MY TAXI LICENSE WAS SUSPENDED HOW CONCERNED I WAS THAT MY NAME STILL BE ON THE LIST THAT MR. WILLIAMS AND JOHNSON MY LAWYERS CAME TO COMMITTEE TO ASSURE I RETAIN THIS PROFESSIONAL STATUS AND OPPORTUNITY FOR MY BUSINESS FUTURE.

ALL THINGS CONSIDERED I APPRECIATE THE CARE AND CONCERN OF THE CIVIC EMPLOYEES AND OFFICIALS TO MY ASPIRATIONS. CONSEQUENTLY I ENCLOSE A CHECK FOR \$50.00 TO COVER MY FEE THIS CURRENT YEAR. IF COMMITTEE CHOOSES TO ACCEPT IT AND PLACE ME BACK ON THE LIST PLEASE RETURN IT ALONG WITH AN OUTLINE OF THE PROCEDURES I SHOULD FOLLOW TO APPEAL THAT DECISION SO I CAN ONCE AGAIN RETAIN THE ASSISTANCE OF MY LEGAL FRIENDS MENTIONED ABOVE. THANKING YOU IN ADVANCE FOR YOUR KIND CO-OPERATION AND IF THIS LETTER FAILS TO STATE MY CASE ADEQUATELY WOULD YOU PLEASE PHONE ME PRIOR TO THE MEETING ON MAY 8TH.

DATE: 1991 May 2

REPORT TO: Mrs. S. Glover
Secretary, Licensing Committee

FROM: Mr. S. J. Dembe
Manager, Licence Division

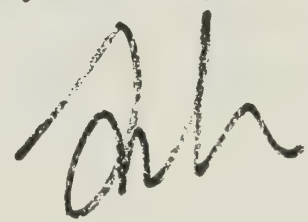

SUBJECT: Taxicab Priority List

RECOMMENDATION:

- a) That the attached list of names contained on Schedule A attached be forwarded to City Council for their information.
- b) That the attached list of names contained on Schedule B attached be deleted from the Taxicab Priority List in accordance with Section 24. (4) of By-law 89-249, as amended.

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

N/A

BACKGROUND:

Members of the Licensing Committee will recall that, at their meeting held on November 28, 1990, approval was given to the annual renewal of 368 names contained on the Taxicab Priority List Schedule A.

This list contained the names of all individuals who had in accordance with Section 24 (1) of By-law 89-249, as amended, renewed their names by the payment of the \$50.00 fee by the October 1, 1990 deadline.

When the Committee approved the current Taxicab Priority List, it was to be forwarded to the Finance and Administration Committee and then to City Council for their information. This was the policy which had been previously adopted by Licensing Committee at its meeting held July 12, 1989.

While this list was forwarded to the Finance and Administration Committee for their information, it was not then forwarded to City Council. This is now being rectified.

In accordance with Section 24 (4) of By-law 89-249, all names contained on the attached list Schedule B were to be deleted from the Taxicab Priority List. City Council should now be requested to give approval to the Licensing Committee 's Recommendation to delete these names from the Taxicab Priority List.

1. Minutes of Meeting

The minutes of the meeting held 1991 April 10 were **ADOPTED** as presented.

2. Delegation

The Committee received a delegation consisting of representatives from the Ontario Head Injury Association, Big Brothers Association and C.N.I.B. with regard to 'Break Open Tickets'.

Mr. Turner spoke on behalf of the Ontario Head Injury Association and Big Brothers Association and asked that the Committee consider their request to sell Nevada tickets. He said he would like to work with the Municipality to make sure rules and guidelines were developed and adhered to. Mr. Turner said he understood that legislation was evolving in this area and felt, during the interim, a pilot programme would be the best approach with a quarterly review.

Mr. Boccadoro of the Big Brothers Association advised the Committee of the financial needs of both organizations and said they were considering two locations in Jackson Square, being Lottery Kiosks, and the ticket suppliers would be Arrow Games. He said in both cases the companies were Canadian owned and both had good reputations.

The Chairman asked for clarification regarding the exemption to the regulations and Mr. Barrow explained that there was an exemption but that this was meant to help rural communities. He said the Ministry had reinforced the reasoning why these exemptions were made.

Mr. Boccadoro said the Directors of Big Brothers and the Ontario Head Injury Association had expertise and could administer ticket sales quite carefully. He said they both had experience with Nevada games.

Mr. Brown of the C.N.I.B. agreed with the previous speakers and gave background to the organization's involvement in the community. He said his group was looking in particular to raise funds to help a support group. Mr. Brown said he had had recent dealings with the Minister's office and the former Minister's office and understood that the exemption was to alleviate the outcry from northern communities but that the intent was to benefit charities operating in the Province and not just in the northern communities.

The Chairman advised the representatives of the Associations that the intention of the Committee was to receive submissions that evening, staff would then prepare a report and recommendation to be brought back to the Licensing Committee, probably at the next meeting.

The Chairman suggested that representatives from the organizations meet with staff to clarify points before the final report was prepared.

The Committee **AGREED** as follows:

That the Probationary Licence Update dated 1991 May 07 from the Licence Division Manager be received for information.

6. Taxi Cab Priority List

The Committee was in receipt of reports from the Manager of the Licence Division dated 1991 May 01 and May 06 with regard to Application for Entry on to the Taxi Cab Priority List.

The Committee AGREED as follows:

That the name of the following applicant be added to the Taxi Cab Priority List:

91.03.26 Edward C. Beatty 16 Berko Avenue 545-5322

91.04.17 Tokunbo Agunlade 310 E. 36th Street 574-3149

The Committee was in receipt of an appeal for re-entry on the Taxi Cab Priority List from Mr. Thomax Sedgwick.

Mr. Sedgwick attended and Mr. Dembe advised the Committee that a notice had been sent to Mr. Sedgwick reminding him to renew his name on the Priority List on August 13, 1990. He said this reminder notice had been sent by ordinary mail to Mr. Sedgwick's present address and that the letter was not returned undelivered by the Post Office. He said Mr. Sedgwick did not pay the required fee by the October 1st deadline in accordance with the By-law.

The Committee was in receipt of a letter from Mr. Sedgwick explaining his circumstances and requesting reinstatement on the Taxi Cab Priority List.

Mr. Sedgwick advised the Committee that he had been placed on disability the previous summer due to allergies and that it was very important to him to stay on the List. Mr. Sedgwick said he had received the requested letter advising of the new requirement to renew his name on the List however, he said he did not receive the further letter.

Mr. Sedgwick advised the Committee that through a misunderstanding he did not renew his name. He had assumed it would have to be renewed when he renewed his taxi driver licence and that when he had attended at the Licence Division counter to do this he had been told the renewal on the List was not due until September.

Ultimately, Mr. Sedgwick said he found that this should have been renewed in the previous September.

After consideration the Committee AGREED as follows:

That the appeal by Mr. Thomax Sedgwick, for re-entry on the Taxi Cab Priority List be denied on the grounds that the applicant failed to renew his name on the Taxi Cab Priority List by the October 1, 1990 deadline, as required by By-law 89-249 and, at his hearing before the Licensing Committee, failed to provide adequate reason for not doing so.

The Committee was in receipt of a report from the Manager of the Licence Division dated 1991 May 02 with regard to Taxi Cab Priority List.

The Committee AGREED as follows:

- (a) That the list of names contained in City of Hamilton Taxi Cab Priority List effective 1989 - City Council and revised November 28, 1990 - Licensing Committee be forwarded to City Council for information.

- (b) That the names contained on a list entitled "City of Hamilton Taxi Cab Priority List Names Deleted Effective October 1, 1990" be deleted from the Taxi Cab Priority List in accordance with section 24 (4) of By-law 89-249 as amended.

NOTE: Both lists are in the possession of the Secretary and available upon request.

CITY OF HAMILTON
- INFORMATION -

DATE: 1991 June 5

REPORT TO: Mr. S. J. Dembe, Manager
Licence Division

FROM: Mr. D. H. Barrow
Senior Licence Inspector

SUBJECT: Break-open Ticket Applications
Request for Exemption from Existing Terms and Conditions

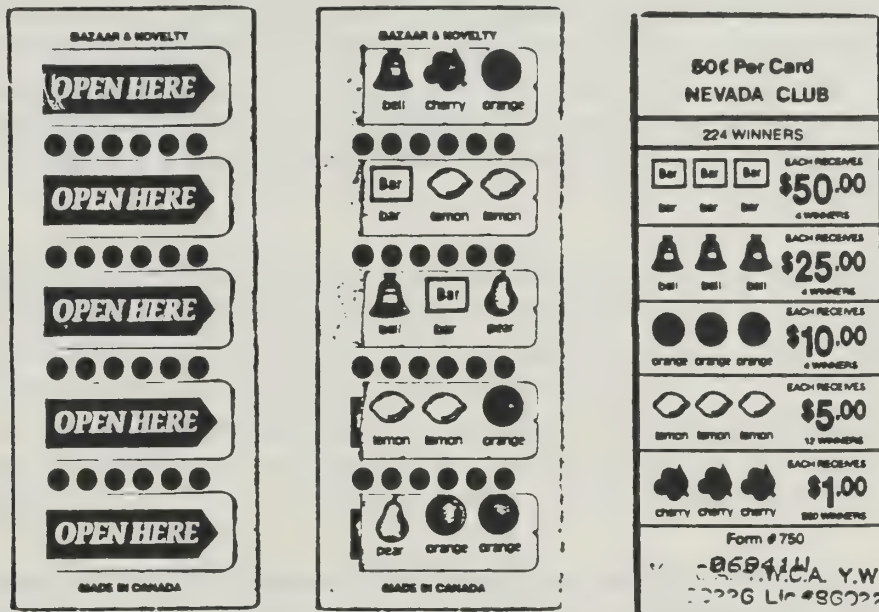

BACKGROUND:

The Ministry of Consumer and Commercial Relations has given the authorization to municipalities in Ontario to license religious and charitable organizations to manage and conduct specific lottery schemes. This method of fund raising is to assist these organizations in achieving their main objectives or purposes.

APPENDIX I outlines the Terms and Conditions under which the "break-open" or Nevada ticket licence is issued.

Definition: Break-Open or Nevada tickets may simply be described as a type of "paper" slot machine: the combination of three identical characters will result in a cash prize being awarded.

Example of a regular Nevada ticket:

In Hamilton, the majority of break-open ticket licences are issued for "Super" Nevadas. Each box contains 2184 tickets and the price per ticket is \$.50. The gross revenue derived from a box of tickets is \$1092.00, from which \$800.00 is awarded in prizes and \$292.00 is retained by the religious or charitable organization. For example, the Royal Canadian Legion Branch #163 usually is licensed for 200 boxes of "break-open" tickets for a 6-month period. This means that this organization is responsible for the sale of 436,800 tickets from which \$160,000 is awarded in prizes; \$58,400 is used for charitable purposes from which the licence fee and the printing is deducted.

Supply manufacturers and distributors of Break-Open tickets charge the religious or charitable organizations \$34.54 for a box of "regular" tickets and \$46.51 for a box of "super" tickets.

The City of Hamilton presently licenses 29 religious and charitable organizations to sell "break-open" or Nevada tickets from their regularly occupied premises by bonafide members of the organization. (APPENDIX II)

In May 1987, the Municipal Council was given permission by the Province to approve applications based on exemptions to the existing Terms and Conditions under which "break-open" tickets were issued. (APPENDIX III) These exemptions were to assist the smaller municipalities in Northern Ontario who could not meet the requirements of Sections 3, 4(b) and 17(b) of the Terms and Conditions, which stated:

- 3) A Break-open ticket Licence shall only be issued to a charitable or religious organization which owns or regularly occupies premises at which tickets will be offered for sale.
- 4b) The designated location specified pursuant to this section shall not be a public, commercial, retail location, nor a location licensed by the L.L.B.O., as a public tavern or beverage room.
- 17b) The actual handling or selling of tickets shall not be delegated to any organization, company, entity, or to any other person who is not a bonafide member of the licensee.

Also, these exemptions could be granted by the Municipal Council as long as the municipality was able to maintain control and the applicant was able to comply with all the other sections of the Provincial Terms and Conditions.

At that time, in consultation with the Hamilton-Wentworth Regional Police, a policy was established and endorsed by the Licensing Committee that the City of Hamilton would not approve an application for "break-open" tickets based on these exemptions. There were major concerns regarding the controls and management of large numbers of tickets which were being sold in commercial facilities by individuals who were not bonafide members of the religious or charitable organization.

The following three organizations have made application for "break-open" ticket licences in Hamilton based on the exemptions of the Terms and Conditions under which "break-open" tickets are issued:

The Big Brother Association of Burlington and Hamilton-Wentworth
639 Main Street East, Hamilton. (APPENDIX IV)

This applicant has requested a licence to sell 120 boxes of tickets
from the Lottery Hut, 2 King Street West, Hamilton.

Hamilton-Wentworth Family Support Group, Ontario Head Injury Association,
40 Kent Road, Brantford. (APPENDIX V)

The applicant has requested a licence to sell 16 boxes of tickets from
Clancy's Restaurant and Tavern, 45 Goderich Road, Unit 6, Hamilton.

The Canadian National Institute for the Blind
1686 Main Street West, Hamilton, Ontario.

Ministry of Consumer and Commercial Relations, Entertainment Standards Branch, Lotteries

Jean Major, Director of Compliance, Lotteries Branch, emphasized that the exemptions to the Terms and Conditions for "break-open" tickets was to assist the smaller municipalities, not the major urban centres. He expressed his concern for the loss of control by the charitable organizations and the municipalities who permit licences to be issued based on these exemptions.

The City of Toronto

Toronto will permit no exemptions to the issuance of licences for "break-open" tickets. Each organization must sell the tickets from its own premises.

The City of Mississauga

Mississauga will not permit any exemptions and strictly enforces the existing regulations for "break-open" tickets. This general policy has been endorsed by its Legal Department.

The City of Ottawa

Ottawa refuses to issue licences for "break-open" tickets. Its major concern is control and the lack of staff to monitor the Terms and Conditions.

The City of Burlington

Burlington refuses to grant any exemptions to the Terms and Conditions for "break-open" tickets. In her report (APPENDIX VI) to the Community and Corporate Services Committee, Janet Stewart, Manager of Licensing, outlines in detail the reasons for denying an application for "break-open" ticket licence based on the exemptions of the Terms and Conditions. They are as follows:

- (1) Failure of compliance of the Terms and Conditions: the control of the lottery is no longer in the hands of the licensed organization

- (2) Control of the lottery is the hands of a third party, which is usually a commercial operator. This operator may receive remuneration which is in direct violation of the Terms and Conditions.
- (3) The City of Scarborough, Toronto, North York and Niagara Falls have refused exemptions to the Terms and Conditions based on the lack of control of the licensee and fear of setting a precedent for future requests.
- (4) The City of Welland granted exemptions, but has encountered problems such as tickets being sold to individuals under the age of 16 years and organizations selling Nevada tickets in more than one community.
- (5) The City of St. Catharines has granted exemptions to organizations, but has encountered many problems. There has been direct and indirect remuneration to the sales outlets and financial kick-backs to the ticket manufacturers. These manufacturers have taken an active roll in scouting sites for ticket sales and have created a false illusion of instant profits for charitable organizations without them taking an active part in the lottery.
- (6) Mr. John Chambers, Director, Entertainment Standards Branch, is quoted as saying in September 1990: "Nevada ticket sales can be as big or worse a problem than bingo if we don't get it under control quickly".

The City of Brampton

Presently, Brampton permits the exemptions. Applications were received to sell "break-open" tickets at convenience stores. These exemption to the Terms and Conditions have been constant source of problem since the licences were issued:

- (1) These applications were initiated by the "break-open" ticket distributors.
- (2) The Charities were lead to believe that they did not have to control the Lottery.
- (3) Section (19) of the Terms and Conditions states: "No person or organization shall receive any remuneration for selling Break-Open Tickets. Maximum administrative expenses for the sale of tickets shall not exceed \$0.01 (one cent) for each ticket sold."

A licensee may retain \$21.84 per box for administrative purposes. The owners of the variety stores and charitable organizations were lead to believe that they could retain one cent per ticket after each sale. This is a violation of the Terms and Conditions. This money must be used by the licensee for any administrative expenses incurred in the operation of the lottery and cannot be used for salaries.

- (4) Responsibility for the sale of the tickets has been handed over to young workers at the store who may be under the age of 16 years.
- (5) Tickets are being sold to minors; that is, individuals under the age of 16 years. This is a direct violation of the Terms and Conditions.
- (6) At times, the owner of the variety store does not have adequate lottery funds to pay prize winners.
- (7) There is a concern that the lottery money may be stolen.
- (8) Staff will be submitting a report to the Supervisor of Licensing with a recommendation to deny all future applications requesting exemptions to the Terms and Conditions under which the "break-open" ticket licence is issued.

City of Windsor

Windsor permits the sale of "break-open" tickets at locations licensed by the L.L.B.O. The tickets must be sold in a separate room by a bonafide member of the organization. There are concerns regarding controls of the Lottery. Although there are no routine on-site inspections, bartenders have been observed selling the tickets in non-designated areas.

City of Brantford

In Brantford, there has been a loss of control by permitting the sale of "break-open" tickets in locations licensed by the L.L.B.O. Three of the charitable organizations have reported financial losses as a result of theft. Applications to conduct this lottery from variety stores and lottery huts have been denied.

City of Oakville

Oakville expressed their concerns for the loss of control once the commercial sector gets involved. Further concerns were expressed that the private sector would only get involved in selling these tickets if they were receiving remuneration.

City of Stoney Creek

Stoney Creek has not permitted any exemptions of the Terms and Conditions and expressed their concerns for the possible loss of controls.

APPENDIX I

- (14) No part of the proceeds derived from the conduct of a Break-Open Ticket Lottery shall be applied to the premises at which the sale of Break-Open Tickets is authorized unless the use of the proceeds for such purpose shall enhance the ability of the licensee to perform services of public good or welfare, and written permission is obtained from the Licensing Authority. TO ALL MUNICIPAL COUNCILS

In December 1986, terms and conditions for the issue of Nevada ticket licence were sent to all municipalities by the Lotteries Branch of my ministry. I approved those terms and conditions and I strongly recommend they be complied with by all licencing officials.

However, I have been made aware of a number of charitable and community spirited groups which would otherwise qualify for Nevada ticket licence, but do not own or regularly occupy premises as required by Section 3 of the terms and conditions. Indeed, many of these groups were in receipt of licence and committed to worthwhile projects when the terms and conditions were issued.

In order to alleviate the hardship created for some charitable groups, I hereby authorize a municipal council, in its own discretion, to grant an exemption to the requirements of Sections 3, 4(b) and 17(b) of the terms and conditions provided that:

- (a) the licence applicant cannot meet the requirements of Section 3; or
- (b) the licence applicant meets the requirements of Section 3 but it is impractical to sell tickets from that location;
- (c) the sale of tickets is limited to ONE location only; and
- (d) all other sections of the terms and conditions are complied with.

Where an exemption has been granted, a municipal council must ensure the licensee complies with ALL OTHER TERMS AND CONDITIONS and the recipient charity receives maximum proceeds from the sale of Nevada Tickets.

CITY OF BURLINGTON

CL-97/90

November 8, 1990

TO: CHAIRMAN AND MEMBERS
OF THE COMMUNITY AND
CORPORATE SERVICES COMMITTEE

SUBJECT: LOTTERY LICENCES - NEVADA TICKETS
File: 710-04

RECOMMENDATIONS:

THAT the Optimist Club of Burlington Inc. not be granted an exemption to the Terms and Conditions regarding the issuance of Nevada Lottery licences which would permit them to sell tickets at a commercial location.

REPORT:

The City of Burlington issues licences to permit non-profit or charitable organizations to sell Nevada tickets as means of fundraising. Nevada or break-open tickets simulate the activity of a slot machine where three characters appear. Certain combinations of these characters result in cash prizes. The sale of Nevada tickets is governed by the Terms and Conditions stipulated by the Entertainment Standards Branch of the Ministry of Consumer and Commercial Relations and are incorporated into the City of Burlington's Lottery Licensing By-Law 29-1984.

On October 29, 1990, the Optimist Club of Burlington Inc. submitted a request for an exemption to the aforementioned Terms and Conditions. Their letter dated October 29, 1990 is attached as Appendix A, for your reference. Essentially this organization is requesting an exemption to the relevant conditions so that they be permitted to sell Nevada tickets at a commercial location. The specific conditions in question are as follows:

- 3) A Break-open ticket Licence shall only be issued to a charitable or religious organization which owns or regularly occupies premises at which tickets will be offered for sale.
- 4b) the designated location specified pursuant to this section shall not be a public, commercial, retail location, nor a location licenced by the L.L.B.O. as a public tavern or beverage room.
- 17b) The actual handling or selling of tickets shall not be delegated to any organization, company, entity, or to any other person who is not a bonafide member of the licensee.

Presently, there are only two organizations in the City of Burlington which are licenced to sell Nevada tickets. They are the Royal Canadian Legion (Branch 60) and the Joseph Brant Memorial Hospital Auxiliary are eligible to do so as they meet all of the Terms and Conditions including a regularly occupied premises.

CL-97/90

November 8, 1990

On March 6, 1987, the Honorable Monte Kwinter, then Minister of Consumer and Commercial Relations issued a memorandum to all municipalities. In it, Mr. Kwinter stated that he strongly recommended that the Terms & Conditions be complied with by all licensing officials. He also referred to those instances where a charitable organization had previously been issued a Nevada licence, but due to the revised Terms and Conditions, no longer qualified. In particular, his reference was those organizations which did not have their own premises from which to sell Nevada tickets. In order to alleviate their hardship in losing a valuable source of revenue, Mr. Kwinter authorized municipal councils to use their discretion in granting these groups an exemption. As well, in certain circumstances, municipal authority may grant exemptions to the Terms and Conditions to future requests from organizations. However, the Minister emphasized that it is the municipal council which must ensure that the licensee complies with all other Terms and Conditions.

A representative of the Entertainment Standards Branch of the Ministry of Consumer and Commercial Relations cautioned against the introduction of a third party, being a commercial operator, into the sale of Nevada tickets. He indicated that the few municipalities which have permitted this, have experienced a sense of lack of control. In fact, incidents have occurred where the commercial operator was receiving remuneration for these sales - either directly from the Nevada proceeds or indirectly from the organization's operating revenues. This is in direct contravention of the Terms and Conditions. Of the municipalities who have been approached to grant this exemption, most have refused. Examples are the cities of Scarborough, Toronto, North York and Niagara Falls.

I spoke with a licensing representative of the City of Niagara Falls. In 1987, the Council of the City of Niagara Falls adopted a policy not to grant an exemption to the Terms and Conditions regarding the sale of Nevada tickets at commercial locations. Their position was based on the need for the municipality to maintain control. As well, it was apparent that once one group was granted an exemption, that this would set a precedent for future requests. Also, the two groups who had submitted requests at that time for an exemption, were already earning lottery funds from bingo licences. Niagara Falls staff indicated that should a request for exemption be submitted now, staff would continue to recommend refusal due to the experiences of the City of Welland and the City of St. Catharines which have recently granted exemptions.

Staff of the City of Welland indicated that presently there are only two groups - the Special Olympics and the Welland Rose Festival Committee, which have been granted exemptions. They are the only groups which have adhered to the Terms and Conditions. Previously, the City was overwhelmed with such requests and did grant the exemptions. In some cases, the Terms and Conditions were violated due to remuneration payments or sale of tickets to those under sixteen years of age. As well, other contraventions occurred when one organization sold tickets in both Welland and St. Catharines.

Finally, staff spoke with a licensing representative of the City of St. Catharines. He indicated that their granting of exemptions to allow organizations to sell Nevada tickets out of a commercial location has resulted in many problems. The major problems have been direct or indirect remuneration to the sales outlet and financial kickbacks to the ticket manufacturers. He indicated that both of these problems have been difficult to control. They were also overwhelmed with many requests for exemptions once the first one was granted. Apparently, the ticket manufacturers take an active role in scouting sites for ticket sales. At present, twenty organizations in St. Catharines have exemptions to the Terms and Conditions. Staff have had to introduce new by-law regulations to more strictly control these sales. For example, both the applicant and the owner of the establishment must swear an affidavit that all of the Terms and Conditions will be adhered to. Their problems have been frequently reported in the local media. City staff were even accused of harassment when they investigated the sale of Nevada tickets from a restaurant location where employees were automatically taking a 10 per cent tip from the winnings.

November 8, 1990

CONCLUSION:

In September, 1990, Mr. John Chalmers, Director of the Entertainment Standards Branch, Ministry of Consumer and Commercial Relations was quoted as saying the "nevada ticket sales can be as big or worse a problem than bingos if we don't get it under control quickly". Bill 237, being an Act to provide for the Regulation of Gaming Services, received first reading in the provincial legislature in June, 1990. This Act will increase the government's authority to crack down on violations of lottery rules by revoking licences. As well, it would force gaming supply manufacturers and distributors to meet strict codes of conduct in their dealings with charities and would also regulate quality control.

Given the reluctance of other municipalities to grant exemptions, the unfortunate experience of those that have done so and the need for stricter legislation over the commercial lottery sector, Staff recommend that the request from the Optimist Club of Burlington Inc. for an exemption to the Terms and Conditions be refused. This organization previously raised funds through bingos and would be eligible to do so again.

Subsection 106(2) of the Municipal Act, R.S.O. 1980, c. 302, requires that Council be provided with a report which summarizes:

- (a) the evidence and arguments of the parties to the hearing; and
- (b) the findings of fact and recommendations of the Committee;

where the Committee has been delegated to hold hearings in place of the Council. The purpose of such a report, is to provide sufficient information to Council to allow it to agree or disagree with the decision of its Committee, and if necessary make its own recommendations.

The Licence Committee must submit such a report after holding a hearing. Council can then decide whether to issue, deny, revoke or suspend the licence, without holding its own hearing. Such reports can be brief and do not need to be in a particular form. Improvements will be introduced at the next Licence Committee meeting, which should assist in the preparation of clear and concise reports.

8. Break Open Tickets

The Committee was in receipt of a report from the Manager of the Licence Division dated 1991 June 06 with regard to Break Open Tickets. Mr. Dembe informed the Committee that although his recommendation was for issuance of Break Open Tickets to three organizations for a six-month probationary period, he had received information prior to the meeting from Staff Sgt. Hicks of the Hamilton-Wentworth Regional Police Vice Department and who had subsequently expressed concern at this recommendation.

Staff Sgt. Hicks informed the Committee that all Regions were experiencing some problem with Nevada tickets. He said in his case he had 2 main concerns and had spoken to members of the C.N.I.B. and Big Brothers Organization prior to the meeting. Staff Sgt. Hicks expressed concern that the Lottery Hut where the applicants proposed to have the tickets sold was actually a licensed gaming establishment and therefore the application should be approved by the Ministry of Lotteries Branch of the Ministry of Consumer Relations with the blessing of the Municipality.

Members of the organizations said they disagreed with Sgt. Hicks' interpretation of the regulations in particular with regard to Item 5 which stated that break open tickets may be sold in association with another social gaming event.

The Committee was advised that the charities had attended meetings with representatives of the Licensing Division where concern had been expressed with regard to problems experienced by the Municipalities regarding break open tickets. However, the charitable organizations felt they could keep control of these tickets and avoid such problems. They asked the Committee for a speedy decision in this matter as the charities were urgently in need of funds.

The organizations were asked to obtain letters from the Lottery Hut stating their agreement to the proposed arrangements and send copies to the Licence Division Manager and Licensing Committee secretary.

After consideration, the Committee **AGREED** to adopt the following recommendation subject to a favourable report from the Law Department in particular with regard to the interpretation of "another social gaming event":

That the following organizations be granted a 6-month probationary licence to sell Break-open Tickets:

- (a) The Big Brothers Association of Burlington and Hamilton-Wentworth
- (b) Hamilton-Wentworth Family Support Group, Ontario Head Injury Association
- (c) Canadian National Institute for the Blind

subject to the following conditions:

- i) that the applications meet the approval of the Hamilton-Wentworth Regional Police and the City of Hamilton;
- ii) that the applicants be granted exemptions to the following Provincial Terms and Conditions under which Break-open Ticket Licences are issued:
 - 3) A Break-open Ticket Licence shall only be issued to a charitable or religious organization which owns or regularly occupies premises at which tickets will be offered for sale.
 - 4b) The designated location specified pursuant to this section shall not be a public, commercial, retail location, nor a location licensed by the L.L.B.O., as a public tavern or beverage room.
 - 17b) The actual handling or selling of tickets shall not be delegated to any organization, company, entity, or to any other person who is not a bonafide member of the licensee.
- iii) that if the applications are approved, these charitable organizations will be responsible for all other Terms and Conditions under which Break-open Tickets are issued.
- iv) that if any of the Terms and Conditions are violated, the licence will be recommended for cancellation.
- v) that Section 4b of the Terms and Conditions regulating commercial locations be restricted to businesses engaged solely in the sale of lottery tickets (i.e. Lottery Huts). Exemptions will not be granted for other commercial and retail outlets such as variety stores and locations licensed by the L.L.B.O. The licensee will be restricted to one specific location.
- vi) that the licensee will ensure that the sole responsibility of the employees of the commercial lottery business will be restricted to the actual handling and selling of the tickets.
- vii) that the licensee will ensure that the commercial enterprise will be responsible for the security, inventory control and storage of all Break-open Tickets in its possession.
- viii) that the licensee will ensure that the commercial enterprise will be responsible for the security of all proceeds derived from the Break-open ticket sales.

- ix) that the licensed charitable organization be responsible for all other financial controls:

that the licensee will be responsible for the controls of all lottery funds excepting the cash payment to ticket winners;

that all lottery funds be deposited in a separate Break-open Ticket Account into which no other monies will be deposited.

that all withdrawals from this account will be exclusively by cheque for the purpose of the payment of the necessary and reasonable expenses incurred in the operation of the lottery or for the disbursement of the net proceeds for the charitable object or purpose. No lottery revenue will be transferred to other bank accounts held by the organization. The charitable organization shall indicate on the cheque the purpose for which the money was used.

that monthly bank statements of the separate lottery account be submitted to the Licence Division.

- x) that no person or organization shall receive any remuneration for selling Break-open Tickets (Section 19 of the Terms and Conditions). While the charitable organization is permitted to retain \$.01 (one cent) for each ticket sold to assist in the administrative expenses incurred in the operation of the lottery, no remuneration whatsoever may be paid to the commercial sector.
- xi) that representatives of the commercial sector and licensee attend a Licence Division Training Seminar, at which instruction and explanation of the Provincial Terms and Conditions will be given.
- xii) that a conspicuously placed sign be located in the commercial location indicating the charitable organization to which the proceeds of the sale of the Break-open Tickets will be given.

- (b) That one Taxi Cab Owner Licence of Yogi Cabs Inc. - (c) That the Cab Driver Licence application of Mr. Harbinder Gill, 50 Violet Drive, #407, Hamilton, L8E 1G6 be GRANTED FOR A SIX-MONTH PROBATIONARY PERIOD.

REPORT TO: Mrs. S. Glover

SUBJECT: Break-Open Tickets

RECOMMENDATION:

- a) That the Big Brother Association of Burlington and Hamilton-Wentworth Inc., the Canadian National Institute for the Blind and the Hamilton-Wentworth Family Support Group, Ontario Head Injury Association be granted licences for the sale of Break-Open Tickets for a 6-month probationary period.

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

Estimated Licence Revenue for 6 months - \$3,000.00
Increased Administrative and Enforcement Staff Time

BACKGROUND:

Members of the Committee will recall that a report respecting this issue was submitted to the Licensing Committee meeting on June 12, 1991. Organization representatives were present at that time.

The Committee agreed to grant 6-month probationary licences on the basis of a favourable report from the Law Department, in particular with regard to the interpretation of "another social gaming event".

On August 13, 1991, a meeting was held with organization representatives, the Hamilton-Wentworth Regional Police Vice Office, Law Department and Licensing Staff, at which all issues were thoroughly discussed. In particular, the concerns of the Police and Law Departments were dealt with.

It would appear from a report received from Mr. R. Sabo, Solicitor, that the Licensing Committee has the discretion to satisfy itself whether or not:

- (a) an organization's premises are practical or not for the sale of Break-Open Tickets
- (b) the Terms and Conditions for the issuance of Break-Open Tickets can be complied with

With respect to Item (a), I am attaching copies of letters from each of the above organizations. I am satisfied that it would be impractical for each of these organizations to sell from their own premises.

With respect to Item (b), with the provision of a declaration being required from the third party sellers, close monitoring by administrative and enforcement personnel and the desire by the above organizations to be given an opportunity to prove that they can operate successfully and in compliance with all Terms and Conditions, I am also satisfied that this condition can be met.

Dear Steve,

On behalf of our Big Brother Association of Burlington and Hamilton-Wentworth, I'd like to thank you for arranging our meeting held on August 14, 1991 to clarify some of the concerns raised by the Licencing Division, the Hamilton-Wentworth Police and the City of Hamilton Solicitor in regards to the selling of break-open tickets.

At our meeting, you requested our Association to provide you with a letter with details on why it would be impractical to sell break-open tickets out of our Association's offices at 639 Main Street East, Hamilton, Ontario.

Our Association has been serving the Hamilton-Wentworth community since 1921 and we have a long history of providing quality services. The Board of Directors, since our inception, has always respected the confidentiality and the dignity of the clients utilizing the services we provide. The staff of our Association use our offices to provide counselling, crisis intervention, family issues, and streetproofing of our children. The selling of break-open tickets from our offices would be an infringement of our clients' rights to access our services in a confidential environment. We can assure you that we do not use our offices for any retail or commercial purposes.

I hope the above information addresses the issues that you raised at our meeting. If you require any additional information, do not hesitate to contact me.

Sincerely,

ANDREW W. MURIE

Mr. Stephen Denbe, Manager
Licencing Division
City of Hamilton
Hamilton, Ontario

Dear Mr. Denbe:

The CNIB Hamilton-Wentworth District operates out of our Centre at 1686 Main St. W. In our application for a Nevada licence we requested that the Lottery Hop at Jackson Square sell lottery tickets on behalf of the CNIB as we believe our Centre is not an appropriate outlet for selling tickets.

We are a Social Service organization and although we do have an area where we sell special assistive devices designed for blind or visually impaired persons, we do not have the capacity to retail to the general public. Selling lottery tickets from our Centre would cause us a major security concern with the public coming into our Centre in large numbers. This is a residence for fifty blind and visually impaired persons who also have other disabilities and having the general public come into our centre would not only jeopardize security for these individuals but it would also raise concerns around confidentiality.

For these reasons we do not think it would be appropriate to sell lottery tickets out of our own Centre and it is why we approached a third party to sell lottery tickets on our behalf.

Yours very truly,

W.J. (Bill) Brown

Re: Nevada Licence Application

The Hamilton Chapter of the Ontario Head Injury Association wishes to apply to Council for a licence to sell Nevada tickets at a premises in the City of Hamilton not owned or regularly occupied by the Association. In making this application, the Association is asking that Council exercise its power, as designated by the Minister of Consumer and Commercial Relations, and grant exemptions to Sections 3, 4(b), and 17(b) of the Terms and Conditions for issuance of a licence.

In order to assist you and Council in making an informed decision respecting this application, we are forwarding to you background material outlining the services of O.H.I.A., a list of the directors of the Association, a brief history of O.H.I.A., and several other documents of interest. This letter will also serve to justify the reasoning behind our application and request for exemptions to the aforementioned Terms and Conditions.

Background

The Ontario Head Injury Association (OHIA) is a non-profit, charitable organization and is recognized as such by the Government of Ontario and Revenue Canada. The RevCan charitable organization number for OHIA is #0764605-11-16

This year, more than sixteen thousand Ontario residents will suffer a head injury. Some of those injured will reside in the City of Hamilton. The local Chapter of OHIA will be there to help them and their families through the daily stress of severe and prolonged disability. The field care workers, medical and legal referral services, group support units, educational seminars, and the research programmes funded and operated by OHIA will come to play an important role in their traumatically altered lifestyles. As you may no doubt conclude, the need is great, but our resources are small.

OHIA has seventeen chapters and associations serving communities across the province. The Hamilton Chapter services the needs of clients and families within this municipality. The head office of OHIA assists the Chapter in co-ordinating some of the fundraising efforts of the local offices.

Some Facts:

- 1 Based on the population census of 1990, the Region of Hamilton-Wentworth has a population of 429,466. This region is serviced by the Hamilton Chapter.
- 2 The same census identifies the population of the City of Hamilton as 307,160 or 71.5% of the regional population.
- 3 The Hamilton Chapter of OHIA services 71% of the regional clients within the City of Hamilton.
- 4 The 1990/91 operating budget of the Hamilton Chapter is projected at \$40,000.
- 5 Each year the demands on the Hamilton Chapter budget increase and have always been greater than the funds available. In all likelihood, this growth results from a growing public awareness of the services of OHIA and its role in the community.
- 6 The monies raised as a result of the sale of Nevada tickets will be dedicated to funding the services of the Association in this municipality.

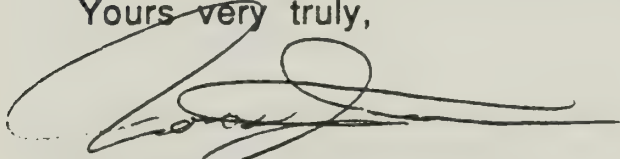

7 We are requesting that exemptions be granted concerning the location and handling (by third party) of the sale of the tickets. The Association, like most charities, is staffed by administration and field workers. They all work in a regular business office environment. As a result, members, employees and clients of OHIA are unable to congregate socially at the office, have a few beers, and play a little snooker. Simply, there is no room for non-essential people on the premises occupied by OHIA offices. It is not a Legion Branch or social club. It is a working charity.

8 The Association has demonstrated its responsible attitude towards fundraising in the past and will continue to do so in the future.

I sincerely hope that the information contained in this letter and in the supporting documents will serve to answer any information requirements that you may have concerning this application. However, should you feel that Council may require further information, we would be happy to attend before Council, at their convenience.

I hope that the foregoing will allow you to make a favourable recommendation to Council, and we look forward to their reply. Should you require anything further please contact me at your earliest convenience.

Yours very truly,

CITY OF HAMILTON
- RECOMMENDATION -

DATE: 1991 August 8

REPORT TO: Mrs. S. Glover
Secretary, Licensing Committee

FROM: Mr. S. J. Dembe
Manager, Licence Division

SUBJECT: Sale of Lottery Tickets - Tools for Peace

RECOMMENDATION:

That the request for the sale of lottery tickets by Tools for Peace in the City of Hamilton be denied.

FINANCIAL/STAFFING/LEGAL IMPLICATIONS: N/A

BACKGROUND:

Tools for Peace have submitted a request for permission to sell lottery tickets in the City of Hamilton.

Originally, this organization submitted a lottery application which was denied by the Hamilton-Wentworth Regional Police and City of Hamilton as the Provincial Law requires that lottery monies or good purchased by lottery monies must remain in the Province of Ontario. The proceeds from this lottery were to be used for the purchase of rubber boots to be sent to Nicaragua.

Subsequently, the Toronto Headquarters for Tools for Peace submitted this application to the City of Toronto. The Lottery Application was approved by the City of Toronto. Their Licence Division issued the licence based on the misconception that goods which are purchased with lottery monies in the Province of Ontario could be shipped out of the country. The City of Toronto has been informed of this error and Lotteries Section of the Ministry of Consumer and Commercial Relations will be dealing directly with the City of Toronto.

Attached is a copy of a memo from Mr. S. Dembe dated March 13, 1991 to Mayor Morrow stating that the organization had contacted the Province directly and their request was denied. Also attached is a letter from the Ministry of Consumer and Commercial Relations and Order-in-Council 274/70. Section 2(1)(a) of this Order states that the proceeds from the lottery are to be used for a charitable or religious object or purpose in Ontario.

Dear Sir:

Attached is a copy of the license granted to the Toronto
office of Tools for Peace.

The Robert Bateman etching to be raffled is now the property
of the Toronto Tools for Peace Headquarters. The Toronto
Headquarters has asked our Hamilton Branch of Tools for Peace
to help in this worthwhile endeavour of fund raising by
selling tickets.

This letter is to request permission to sell these raffle
tickets (license # 816698) in the City of Hamilton.

Yours truly,

DATE: 1991 March 13

Further to our telephone conversation yesterday, staff have advised that this organization contacted our office approximately March 7, 1991 to inquire about the possibility of obtaining a Raffle Lottery Licence.

They were advised that according to Provincial Law all funds derived from a lottery must be used in Ontario. We advised the organization that they might contact the Province, which they did, for clarification. The Province denied their request.

I am very sympathetic to the objectives of the group and would, therefore, suggest that you consider a request to the Province that it review its policies with respect to this type of endeavour.

Under the circumstances, I see no way of assisting this organization at this time.

Dear Mr. Barrow,

This will confirm that your interpretation of Order-in-Council 274/70 with respect to the use of lottery proceeds was correct.

Funds raised through lotteries must be used for charitable or religious object or purpose in Ontario. Given that this is contained in the Order-in-Council, its application in the licensing decision is not discretionary.

I hope this clarifies Ministry policy.

Yours truly,

Jean Major
Manager
Lotteries Section

4. Show Cause Hearing - Patrick Murphy/Murphycare o/a Sherman Manor, 98 Sherman Avenue South

Mr. Doug Rose of the Licence Division attended and called witnesses to give evidence with regard to fire, health and building infractions at the Second Level Lodging Home at 98 Sherman Avenue South.

Mr. Christopher of the Fire Department was sworn as a witness and gave evidence with regard to inspections carried out at the property on June 18th, July 11th, August 29th and September 10th. He said infractions included a smoke alarm in the first floor bedroom was inoperable, holes in the walls and ceiling of the boiler room in the basement, lack of smoke alarms in the basement, basement undergoing renovations and fire alarm hanging by wire.

Mr. Christopher said that at his final inspection on September 10th he found that the Fire Department requirements had finally been completed. However, he said that charges were being proceeded with.

Mr. Herb Lee, a Public Health Inspector with Region of Hamilton-Wentworth, was sworn as a witness and gave evidence with regard to inspections carried out at the property and violations including ceiling height in basement not being of sufficient height to be used for a bedroom and eavestrough not being connected from the roof to the ground. Mr. Lee said that on July 24th he had inspected the property and advised the supervisor of the lodging home that a building permit would be required for work in the basement. He said that on a September 9th inspection all the work appeared to have been carried out and that there were no violations outstanding.

Steve Kuczerepa of the Building Department was sworn and gave evidence with regard to inspections carried out at the property on June 26th, and July 24th. He explained that at his visit to the property on June 26th he had been advised that the basement room was to be used as a staff room and a storage room and subsequently deemed this work to be of a minor nature, not requiring a building permit. However, on subsequent inspections he had found that this basement area was being used as a bedroom and sitting room. As a result of this new information, Mr. Kuczerepa determined that a building permit would be necessary and issued an Order to Comply.

Mr. Kuczerepa said that he had been advised that on July 26th Mr. Murphy had attended at the Building Department to submit an application for a building permit. However, this had not been accepted due to insufficient information on his drawings.

On August 19th, Mr. Kuczerepa said a building application had still not been received from Mr. Murphy and therefore a letter had been sent to him, which was subsequently returned by the Post Office.

Mr. Kuczerepa gave evidence that a building permit had not as yet been issued for the work although it had been applied for and was presently being processed. He said the application process usually took one month and Mr. Murphy's application had been received on approximately August 22nd. Mr. Kuczerepa said the Building Department required clarification with regard to the use of some areas, exits, ceiling heights, etc.

Mr. Kuczerepa said he had visited the premises on the previous day and the bedroom had been removed from the basement. He said drywall remained to be installed and a kitchen-type sink needed support.

Mr. Sutherland, a lawyer representing Mr. Murphy, asked and ascertained that if Mr. Murphy met with the Building Department staff in the near future this matter could be clarified.

Brian Allick of the Building Department was then sworn and gave evidence that a letter dated that day's date had been sent to Mr. Murphy requesting information in order that a building application could proceed.

In response to a question regarding the delay in advising Mr. Murphy of this requirement, Mr. Allick explained the process with regard to a building permit application.

John Spolnik of the Building Department was then sworn and gave evidence with regard to inspections of the property on August 22nd, August 27th and September 10th. He advised of infractions found during the August 22nd inspection, including deteriorating flooring in the laundry area, weatherstripping and threshold to be installed around a doorway, repair of interior walls in basement and repair of plumbing in basement area. He said this work was in the process of being carried out but that further items in non-conformance to Property Standards were found, including lack of handrail at basement stairs, rotted and deteriorated headers and springers, lack of handrails, missing downspout and the fact that eavestroughs throughout the building had not been kept clear.

Mr. Spolnik said at a subsequent visit on August 27th he found the deteriorated floor tile in the laundry area had been cleared, that the requirement that holes be sealed in the walls of the washroom and laundry room in basement was near completion, washroom was completed, a door was still awaiting thresholds, roof had been repaired and eavestroughs replaced. He said he had made Mrs. Lewis, the superintendent, aware of outstanding concerns and suggested that they be attended to forthwith.

At an inspection on September 10th, Mr. Spolnik said he found no noticeable change with respect to the drywall in the laundry room, threshold to doorway being replaced and the weatherstripping was not completed at the top of the door. He said the lower level of eavestrough had been cleared. Mr. Spolnik referred to an open drain which was a health hazard, lack of handrail which was a safety factor, as well as a deteriorated portion of railing on the fire escape.

Mr. Sutherland introduced four photographs as Exhibits 1, 2, 3 and 4 which were taken that day (September 11th). These photographs showed the drywall construction in the laundry room, showing the drywall as completed with the exception of painting and possible sanding

together with photographs showing stairs and handrails and weatherstripping around the door.

In answer to a question from Mr. Sutherland, Mr. Spolnik said his main concern would be the possible hazard of someone using the basement stairs due to the lack of a handrail. Mr. Murphy advised that this had been installed that day.

John Webber of the Public Health Department was sworn as a witness and gave evidence with regard to concerns with regard to dampness, ventilation for lighting and heating if the basement area was used as a bedroom. However, he said these concerns had been alleviated as the basement bedroom had been vacated.

Mr. Murphy was sworn as a witness and said he was the Manager of the Second Level Lodging Home at 98 Sherman Avenue South.

Mr. Murphy said he wished to improve the structural integrity of the basement by removing panelling and installing drywall and had been advised at that time that he did not need a permit for such work. However, when advised of problems he said he stopped work and the bedroom had been removed. Mr. Murphy said it may appear that he had been dragging his feet at carrying out the repairs but that actually he had been doing more work than he had been required to do with regard to the eavestroughs. He said the handrail had been installed that morning, the door completed and rotted wood replaced on the fire escape. Mr. Murphy reviewed the photo exhibits and explained the work which had been done. He said that work had been delayed because he thought he would have been in violation of a stop work order and therefore he had been unable to complete these repairs earlier.

With regard to the work in the basement, Mr. Murphy said the original intent was structural integrity and fire safety. He said he believed he had completed all the work which he had been asked to do and had done more than he had been asked to do.

Mr. Sutherland made his final submission that part of the delay in getting things completed had been due to the delay in processing the building permit and the fact that Mr. Murphy had also been told to stop doing any more work until he had obtained a permit. He said he felt his client had finally complied with everything which met the requirements of the City and that his client had actually gone beyond that with regard to the amount of work done. He suggested that Mr. Murphy would not give cause to be called before the Licensing Committee again.

Mr. Rose made his final submission and referred to a warning given to Mr. Murphy by the Licensing Committee on March 21st when a one-year probationary period had been imposed upon the Second Level Lodging Home Licence held by Mr. Murphy.

He said of particular concern were the fire violations which had been an ongoing problem and the building without a permit, which was another safety issue. He maintained that Mr. Murphy had a bad record of compliance which impacted negatively on the Lodging Home.

The Committee then retired to deliberate.

The Committee reconvened and the Chairman thanked everyone for taking the time to attend the hearing. He advised Mr. Murphy that while the Committee was now satisfied that the facility at 98 Sherman Avenue South was in compliance, they were not satisfied with regard to the period of time it had taken for this compliance. He said it appeared to the Committee that every time that the Committee dealt with the facility it was only brought up to standard on the final day and this was not good enough and a higher standard must be set. However, the Chairman said that after consideration the Committee was not of the opinion that the present situation warranted withdrawal of the licence and that the

Committee did not feel this would be fair to residents with regard to the upset and disruption of their lives.

The Chairman said it was therefore the decision of the Committee:

1. That the probationary period presently imposed upon Second Level Lodging Home No. 44 held by Murphycare (Patrick Murphy), 98 Sherman Avenue South, be extended for a one year period to commence September 11, 1991,
2. That City staff verify that all the work suggested by the photographs submitted as Exhibits at the Show Cause Hearing of 1991 September 11 with regard to 98 Sherman Avenue South has in fact been done,
3. That City and Regional Departments advise the Licensing Committee immediately if any further Orders to Comply are issued against the Second Level Lodging Home at 98 Sherman Avenue South, at which time the licence holder will be brought before the Committee again.

The Hearing then adjourned.

5. In Camera

The Committee then retired in camera to hold a Show Cause Hearing and consider a private and confidential Probationary Drivers Update.

The Committee subsequently AGREED as follows:

- (a) That the Cab Driver Licence application of Raphael Kolenko - 307 Shoreview Road, Burlington L7T 2N3, be granted for a six months probationary period.
- (b) That the Probationary Driver Update dated 1991 September 06 be received for information.

6. Committee Reconvenes

The Committee then reconvened in open session.

7. Adjournment

CITY OF HAMILTON
- RECOMMENDATION -

DATE: 1991 December 10

REPORT TO: Mrs. S. Glover
Secretary, Licensing Committee

FROM: Mr. S. J. Dembe
Manager, Licence Division

SUBJECT: 1992 BINGO APPLICATIONS
(JANUARY 1 - MARCH 31, 1991) APPROVALS

RECOMMENDATION:

That the attached list of 146 charitable organizations be issued bingo lottery licences for the 3-month period ending March 31, 1992.

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

Estimated Bingo Lottery Revenue - \$85,000.00 (3 Months)

BACKGROUND:

These applications have been approved by the Hamilton-Wentworth Regional Police as they qualify as charitable or religious organizations. The organizations have submitted the names of the persons responsible for the management and conduct of their events.

Under the recently amended Lotteries Licensing By-law, organizations are free to set game formats and pricing of bingo cards as they see fit in order to achieve the minimum 20% Profit, while keeping within the maximum 15% Administrative Expense.

Although most organizations made application for the first 6 months of 1992, it is recommended that licences be issued for the first 3 months only, in light of the review which will be undertaken by the Licence Division of organizations not yet achieving the 20% minimum profit level.

The following bingo organizations are registered either charitable or non-profit and have made application to conduct bingo lottery events for the period January to June, 1992.

Sally Glover,

Licensing Committee

Dear Ms. Glover,

Due to the recent postal interruption, I did not receive my letter from the Corporation of the City of Hamilton requesting the \$50.00 necessary to keep my name on the waiting list for a taxi license. As this is a new process just initiated last year, and I have had my name kept current on the waiting list for the past 11 years, I was totally unaware of the deadline date without the assistance of the letter from the City.

I have lived out of Hamilton for the past four years and still renewed my name registration and I very carefully sent my change of address to Box 249, Clarksburg Ont NOH 1J0 after moving there to ensure that I would receive the pertinent documentation.

It is only because I had the thought to phone and enquire when the payment and registration is due that I discovered I have been missed by the mailed out request for registration and payment forms.

I feel most strongly that I am a candidate for a successful appeal to renew my taxi license registration as the recent postal strike is something totally out of my control. Many pieces of mail were lost and destroyed during the postal interruption as evidenced by media reports.

For the past 11 years I have been diligent about keeping my name registration intact on your list and I refuse to be taken off of it due to the postal interruption. Please give this request its due consideration and once my new deadline is established, you can be assured even a postal strike will not hinder my application in the future.

I will look forward to your decision as soon as possible. Should I receive the wayward form and letter in the meanwhile I will contact you immediately.

Respectfully,

Len Siemko

I am writing you concerning my Taxi Licence. My name is Michele S. Simon Licence no. 4236, my name has been on the list ten yrs. I was aware of the \$50.00 to keep my name on the list, but I thought the deadline was Dec. 31/91.

On Oct 2, 91 I phoned City Hall to find out for sure, and I was informed I was late that Fri was the last day. I was totally surprised, because I had no idea. I was hit by a drunk driver in 1985, as a result I am limited to only 3 nights a week driving cab, also working nights I don't have to much communication with other drivers. I raised two daughters on my own and it hasn't been to easy. They are grown up and have families of their own now. I am on my own now and cab driving is the only career I've known and like doing. The injuries I received in the car accident left my options for anything else very limited. I never would have let the deadline go by if I had known.

I know this sounds like a sob story. It is not though I'm a sincere person and I'm telling the truth.

This last year has been a bad & good one, there was a death in my family my brother - twin, and my best friend.

I also moved from 596 concession #8 to 21 Torne Ave. Aug 15/91. It's an old house that's been neglected over the yrs. and it has taken a lot of my time.

Two wks after moving in I found out

I was booked for surgery. I was in Shenderson General Hospital from Sept 10 to Sept 20. I had major surgery bladder reconstruction, while in there I got infection in the incision. We had a V.O.N. nurse coming in twice a day also I've been off work the whole month. As a result I'm very tired & weak with pain.

My mind has been on so many things. If you would like a note from my Dr. Stephenson - Dr. Fawcett 887 9382.

I want to stress to you how important it is for me to be on the list, it's the only security I have. When I phoned Oct 2/91, the woman I spoke to said there were letters mailed out. I guess because of moving I did not receive one, plus there was a mail strike.

I hope you will reconsider putting me back on the list.

Yours Truly

I was unable to make the payment of
\$53.00 on Sept 30, 1991.

On Oct 3, 1991 I came unto City Hall
to make my payment and was refused.

I was then advised to return to
City Hall with a written request to
remain on the Sub, which I did on
Oct 4, 1991.

I have been on the priority Sub since
August 9, 1982, and have been driving
Taxi for seven years prior to that.

Also I have been leasing for the

past 2 years.

I have been in the business steady
for the past 17 years, and feel that
I should remain on the job.

ATTENTION: SECRETARY OF LICENSING COMMITTEE

DEAR SIR OR MADAM:

AS A LICENSED TAXI DRIVER, AND HOLDER OF
A CITY OF HAMILTON TAXI PLATE, I WISH TO APPEAL
THE REMOVAL OF MY NAME FROM THE TAXI PLATE
PRIORITY LIST IN THE LAST YEAR.

SINCERELY,

Drant Inouye

OCTOBER 24, 1991

I STATE THE FOLLOWING TO BE TRUE, IN EVERY RESPECT, WITHOUT PREJUDICE, TO THE BEST OF MY KNOWLEDGE. OCT 25 1991

I HAVE BEEN A LICENSED TAXI DRIVER IN HAMILTON SINCE 1978, AND INITIALLY, WAS EMPLOYED AT VETERAN TAXI. IN JULY, 1981, I PURCHASED PRIVATELY, A CITY OF HAMILTON TAXI PLATE, WHICH I HOLD PRESENTLY.

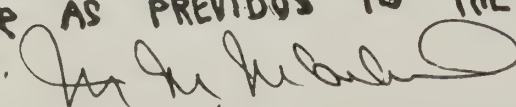

IN JUNE, 1987, I MOVED TO LONDON ONTARIO, AND WAS EMPLOYED AS A TAXI DRIVER FOR ABOUTOWN TAXI BETWEEN MAY 1988 AND JUNE 1990. MY RESIDENCE BETWEEN SEPTEMBER 1988 AND AUGUST 1990 WAS IN A DUPLEX AT 66 HYLEA ST; THE LANDLORD BEING JOHN VAN DER PLUIM. IN SEPTEMBER 1990, I RETURNED TO HAMILTON, WHERE MY RESIDENCE WAS AT 30 SUMMIT AVE #502. MY PRESENT ADDRESS SINCE OCTOBER 1/91 IS AT 81 CHARLTON AVE E #12.

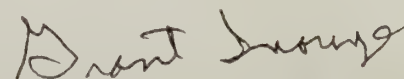

DURING THE TIME FRAME OF AUGUST-SEPTEMBER/90 WHEN THE NOTICES OF A FEE FOR THE TAXI PLATE PRIORITY LIST WERE MAILED OUT, I DID NOT RECEIVE SUCH A NOTICE AT MY FORMER LONDON ADDRESS. THE ATTACHED LETTER FROM MR VANDER PLUIM ALSO ATTESTS TO THIS FACT.

THE ENCLOSED GIC PURCHASED FROM THE TORONTO DOMINION BANK SHOWS THAT I WAS ABLE TO PAY THE REQUISITE FEE AND NOT FINANCIALLY INSOLVENT, AT THE TIME.

IN ORDER TO AVOID A RECURRENCE OF A SITUATION WHICH I FIND MYSELF IN; AND CONSIDERING THE ESTIMATED MARKET VALUE OF A TAXI PLATE IS \$79,000 $\frac{90}{X}$; AND MOST INDIVIDUALS ON THE LIST (I WAS APPROXIMATELY \$100 IN AUGUST/90) WOULD REGARD REMOVAL FROM IT AS A MAJOR POTENTIAL LOSS, IT MIGHT BE RECOMMENDED THAT SUCH NOTICES BE DELIVERED BY REGISTERED MAIL. THE ADDITIONAL MAILING COST COULD BE ABSORBED AS AN EXTRA EXPENDITURE INCLUDED IN THE FEE

FOR THE ABOVE REASONS, I PROPOSE A MOTION THAT I BE REINSTATED ON THE PRIORITY LIST IN THE SAME RANK ORDER AS PREVIOUS TO THE ENACTMENT OF THE BYLAW FEE.

WITNESS: 
MICHAEL MIKHAILOVICH

CITY OF HAMILTON
- RECOMMENDATION -

DATE: 1991 November 12

REPORT TO: Mrs. S. Glover
Secretary, Licensing Committee

FROM: Mr. S. J. Dembe
Manager, Licence Division

SUBJECT: Regionalization of the Taxi Industry

RECOMMENDATION:

- (a) That the recommendations of Licensing Committee respecting Regionalization of the Taxi Industry, approved on October 9, 1991, be reconsidered and tabled at this time.

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

N/A

BACKGROUND:

The report from the Regional Municipality of Hamilton-Wentworth respecting this matter was dealt with at the Licensing Committee's meeting held October 9, 1991. At that time, a recommendation was put forward that the City of Hamilton and the Region enact by-laws to declare Hamilton Airport available to the taxicabs of any Area Municipality.

The Committee also agreed that an official delegation consisting of Alderman W. McCulloch, Alderman D. Drury, S. Dembe and D. Barrow of the Licence Division, meet with representatives of the Township of Glanbrook in an attempt to reach and prepare a reciprocal agreement.

For your information, the Taxi Advisory Committee is holding a Public Forum on November 18, 1991 to which representatives from the Taxi Industry and Area Municipalities have been invited. Items for discussion include standardization of the Taxi Industry (without regionalization), improving customer service, uniform by-laws and inspection procedures. On November 19, 1991, the Taxi Advisory Committee will be holding its regular meeting and may wish to make recommendations following the Public Forum.

Considering the timeliness of these two meetings, it is respectfully suggested that the aforementioned Licensing Committee recommendations be reconsidered and tabled at this time.
